Spider® Shelving System

“ Versatile solutions for your individual storage needs. ”

With its quick assembly and sturdy construction, the Spider® Shelving System is the most complete and versatile system on the market.

It is the only system that allows efficient storage of small, medium and large parts storage in the same unit by combining industrial shelving, Mini-racking and drawers in shelving.

As it is designed for intensive use, the system can be used to its full potential in your warehouse, parts department, maintenance workshop, distribution center, and much more.

R5XEE-2008

Spider® Industrial Shelving

SHC4001

An extremely versatile structure to which a wide range of accessories can be added.

Assembly is simple: shelves are installed on the posts using 4 compression clips in 14 gauge steel.

Perforations on the post at every 1" c/c for easy and fast shelf adjustments.

Standard load capacity can reach 800 lb. depending on dimensions and 1100 lb. by adding reinforcements.

Open and closed shelving available.

Spider® Mini-racking

SRE5127S

The steel beams are designed for several types of decking: steel, wire mesh and wood.

Load capacity up to 1925 lb.

Beams hook onto the front of the posts ensuring a sturdy structure and assembly in just minutes.

Common post for Mini-racking and industrial shelving.

Shelving Accessories

Here are some of the possibilities.

Doors

Doors with lock open 180°.

Glass or solid doors offered.

Glass door made of impact resistant polycarbonate.

Spool Support

Rod 3/4" diameter, compatible with most spools.

Design allows for pivoting of rod to facilitate changing spools.

Louvered Panel

Quick assembly without tools.

Compatible with all brands of plastic bins with hanger lip sold on the market.

Partial Divider

Installs easily without nuts or bolts.

Innovative patented divider, facilitates easy position changes.

Perforated Panel and Hooks (5S)

Panels offered for sides and back of shelving.

Different hooks for hanging accessories and tools.

Vinyl decal enables fast identification of items (5S).

Vertical Security Bar

Can be used as a gang lock for drawers on shelving using a key or a padlock.

Easy hook-on assembly.

A shelving system designed to evolve at the same pace as your business.

Combining Shelving, Mini-racking and Drawers

By installing Rousseau modular drawers in your storage unit combined with Mini-racking, both bulk and high-density storage can be installed in the same unit.

The common post is the cornerstone of the structure. Its unique T-shape provides up to 7 fixing zones for different applications. Plus, its hollow center enables installations without interference.

Multi-Level Shelving

Lack of space? Before building on an addition, think about Rousseau multi-level shelving. It allows you to increase efficiency by using the space you already have to the maximum in height, width and depth.

Record Storage

With the Rousseau record storage system, wasted space is a thing of the past. Our specially constructed shelving system was designed with the popular sizes of record storage boxes in mind.

rousseau

R5XEE-4001

Since 1950 Rousseau has been designing, engineering and manufacturing modular storage systems for a variety of markets. Our 173 000 square foot facility, a sign of our growth and vitality, is equipped with cutting edge technology.

We offer a complete and integrated solution for all of your storage needs: drawers for shelving and cabinets, industrial shelving, Mini-racking, workstations, toolboxes and more.
