Security, Protection, Flexibility

Weapon Storage Cabinets

Secure Your Weapons

- Two welded vertical security bars for padlock.
- Heavy-duty drawers rated at 400 lb with lifetime warranty on the rolling mechanism.
- Full width drawer handle gives more sturdiness to the drawer.
- Full height sides of drawers means more difficult to break in to.
- Double face drawer makes it more difficult to open.
- All weapons are hidden in the cabinet: does not attract attention from non-authorized personnel.

This **Weapon Storage Cabinet** has been developed and tested to provide the security and flexibility you are looking for when storing weapon components.

Important Notice: Rousseau weapons cabinets have been modified to secure weapons. However, for DND applications, DPM Policy and Plans, Physical Security, NDHQ, must be consulted for approval prior to purchase.

Protect Your Weapons

- Weapons components are not in direct contact with the metal in the cabinet – providing maximum protection.
- Groove trays in PVC, high density foams, partitions & dividers, racks with dipping PVC, PVC liners and more, protect material from shocks and direct contact with steel.
- Important: components from the same weapon should be stored in different cabinets.

Get the Flexibility You Need

- Cabinets available with many widths and heights: can accept C6, C7, C8, C9, 9mm, & shot gun.
- Heavy duty bases available at 2" and 4" high to improve ergonomics.
- Full width handle provides maximum space for identification of contents.
