ROUSSEAU EXPERTISE

ROUSSEAU IS THE GLOBAL LEADER IN THE DESIGN AND MANUFACTURE OF FLEXIBLE AND HIGH-QUALITY STORAGE SOLUTIONS!

ROUSSEAU: SERVING INDUSTRIES THROUGH EXPERTISE AND INNOVATION

Rousseau designs and manufactures shelving, drawer and workstation systems for professional use. Known for their industry-leading durability, quality and innovations, our products are sold through a network of specialized partners who work in a wide range of sectors.

THE ROUSSEAU DIFFERENCE IS…

Flexible and customized solutions, modular and scalable design, unrivaled quality and durability. And above all, it means choosing a manufacturer and distribution partners who always put customers first.

SERVICE DEPARTMENT

A SERVICE DEPARTMENT IN YOUR OWN IMAGE

Rousseau's workcenters for technicians are the most complete and versatile solutions on the market. Our specialists will help you find a custom configuration that meets your unique requirements and reflects the professional image of your company.

Mercedes-Benz Winnipeg (MB)

A COMPLETE SOLUTION

We have the perfect solution, whether you are looking for basic workstations with a little or a lot of storage, or a more comprehensive workcenter with integrated lift motor control, computer systems, reels and much more.

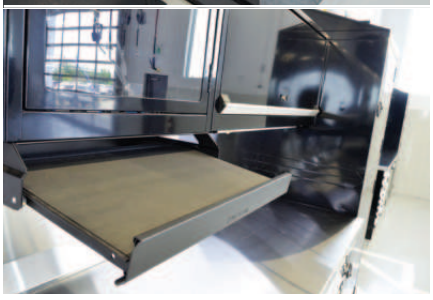

We have a wide range of additional options, including MultiTek Carts for technicians, waste containers, utility panels and power feed panels, so you can add everything you need to your workstation.

A PERSONALIZED SOLUTION

Rousseau designs and manufactures its workstations with a height of 36" to ensure they are as ergonomic as possible. This is the perfect height to work standing up in a service department for the vast majority of people. However, if your team members need extra height, 40"H work surfaces are also available.

TRY OUT OUR BAY DESIGN TOOL!

Do you have an idea what kind of workcenter you need? If you do and would like a quick preview of what your ideal workcenter would look like, be sure to try out our Bay Design tool on MyModel-r.com.

In just a few easy steps, you can configure your very own workcenter. If you can't find exactly what you're looking for with our Bay Design tool, don't worry. The tool only shows the most popular dimensions, options and accessories, but others are available. For a personalized solution, our team of specialists will suggest options and help you find a configuration that meets your requirements.

The Bay Design tool offers a way for you to create and preview a custom layout in just a few easy steps. When you're happy with your design, you can save it or request a quote with your desired specifications.

Give it a try!

OPTIMIZING WORKSPACES FOR ELECTRIC VEHICLE MAINTENANCE

With the growing popularity of electric vehicles (EVs), adapting workspaces for their specific maintenance is crucial. While the layout of workbenches and toolboxes is similar for servicing any vehicle, certain elements can make a difference when customizing a workstation for EVs.

An ideal approach is to maintain a versatile workspace that provides a tailored work surface as needed and has dedicated locations for EV-specific tools.

Essential tools to consider for effective EV maintenance include insulated tools, personal protective equipment, safety signage, a high-voltage rescue hook, a shutdown key, fire blankets, and a car charger.

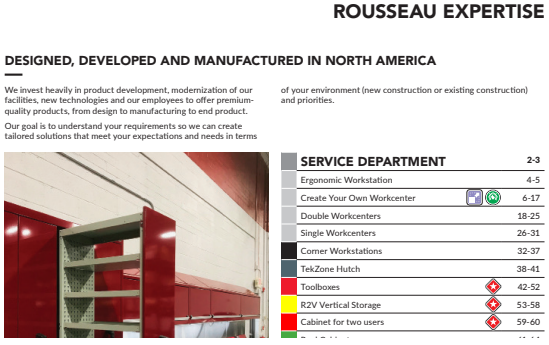

Effective identification methods, such as color-coded drawers, and doors containing tools specific to EVs can help provide an efficient and secure workspace.

ERGONOMIC WORKSTATION

FACTORS TO CONSIDER

The first step in creating an optimal storage solution is to list all the tools and items to be stored. You can't store all these items in the same cabinet, drawer or shelf, so you need to categorize them.

To do this, there are four factors and four reach zones to consider when organizing your storage solution.

1- FREQUENCY OF USE

It's important to know how often your tools are used. This generally determines the location of your equipment. We can divide frequency of use into four categories: frequent, average, occasional and specific. We recommend storing frequently used items in easy-to-reach zones (green and yellow).

2- IMPORTANCE OF QUICK IDENTIFICATION

We recommend using the 5S methodology for organizing your tools. Items that need to be found or used quickly should be placed in easy-to-reach zones.

3- SIZE AND WEIGHT

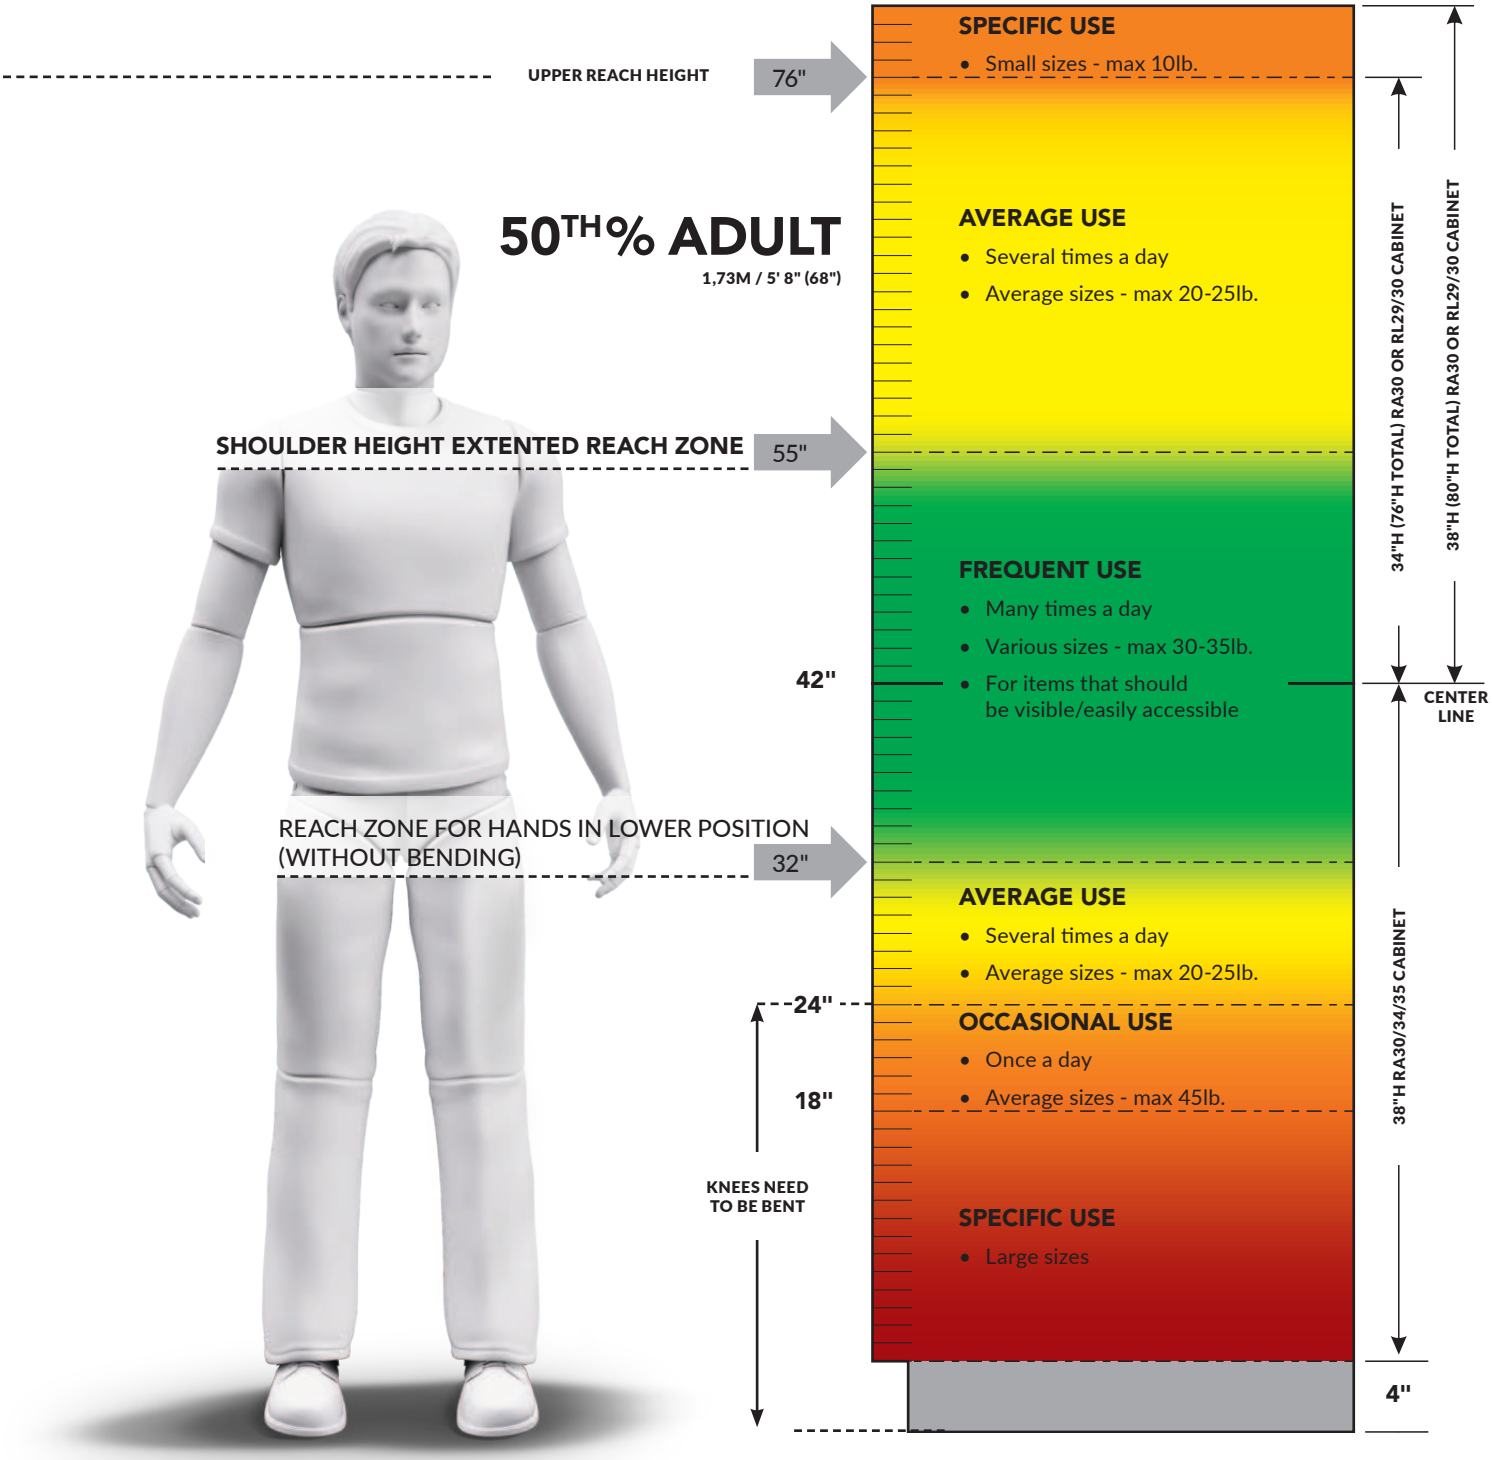

The weight of items handled is an other important factor to take into account. By considering this in conjunction with frequency of use, it's easier to determine the best storage location. A heavy item used frequently should always be stored where the risk of injury is lowest. This will rule out zones that are too high or too low. However, a less ergonomic location is suitable if the heavy item is not used frequently. We should only be retrieving light items in high-reach zones.

4- PURPOSE AND CATEGORY

In some situations, you might want to group several items together according to type or how they are used. For example, you may want to group all screwdrivers together in the same drawer, even if you don't use all sizes with the same frequency.

STORING AND ORGANIZING ITEMS

Place your items in the storage solution according to these four factors within the four zones shown here. In this illustration, we have used a person of average height. We recommend using a 50th percentile adult when more than one person works in the same space. See technical guide R69 for ergonomic designs for taller or smaller people.

CREATE YOUR OWN WORKCENTER

5 EASY STEPS

Our specialists will work with you to evaluate the best configurations for your situation.
They will take into consideration many different factors by asking various questions:

- What is the total amount of space available?
- Is computer access required?
- How much space is needed for tools?
- Where do the reels come from (air, electricity, oil, etc.)?
- How much space is needed for storage of bulky items?
- What type of lift do you use (integrated or posts, what brand)?
- Do you need task lighting?
- Etc.

In just five steps, we can help you create your own layout quickly and easily. The following pages take you through these steps.

SEE THE DIFFERENCE...

HOW TO CREATE YOUR OWN WORKCENTER

Following the steps below, you can create a custom layout by choosing models from those suggested on **pages 20-33** (144"W, 120"W, 96"W, 84"W, 72"W, 60"W and 48"W models).

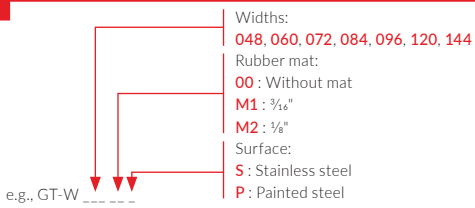

To order, complete the product numbers as shown in the steps below.

1 TYPE OF WORK SURFACE

Widths: 48", 60", 72", 84", 96", 120" and 144" (2×72")

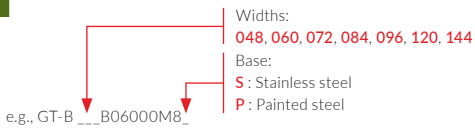

Type of work surface: 16ga painted or stainless steel

Rubber mat available: Mats are 26" deep to accommodate tech uprights, cover panels and power feed panels.

2 UNDER THE WORK SURFACE

The suggested models are some of the most popular. Simply add S to the end of the model number for a stainless steel base, or P for a painted steel base.

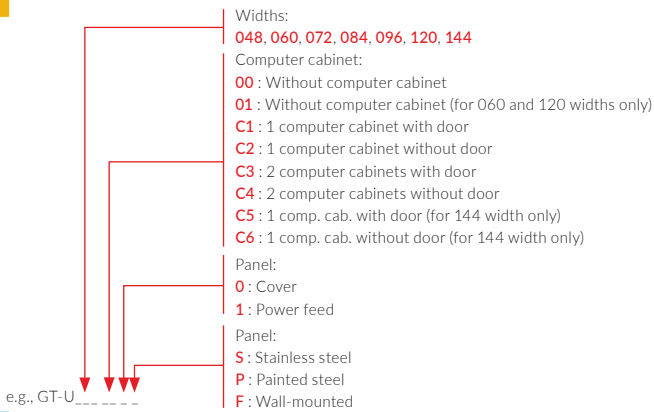

3 ABOVE THE WORK SURFACE

Widths: 48", 60", 72", 84", 96", 120" and 144" (2×72")

Includes: storage cabinet, computer cabinet, power feed panel, cover panel, tech uprights and panel support

Panel: painted or stainless steel

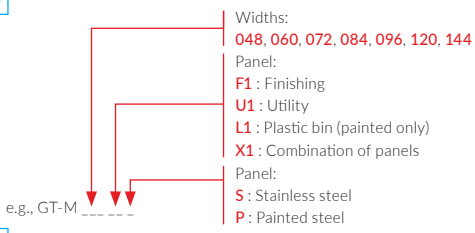

4 CENTER

4A WITH CABINETS (ABOVE THE WORK SURFACE)

Widths: 48", 60", 72", 84", 96", 120" and 144" (2×72")

Includes: finishing panel, utility panel and plastic bin panel

Finishing and utility panel: painted or stainless steel

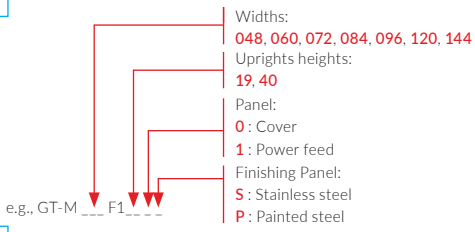

4B WITHOUT CABINETS (ABOVE THE WORK SURFACE)

Widths: 48", 60", 72", 84", 96", 120" and 144" (2×72")

Includes: finishing panel, tech uprights, panel support, cover panel and power feed panel

Panel: painted or stainless steel

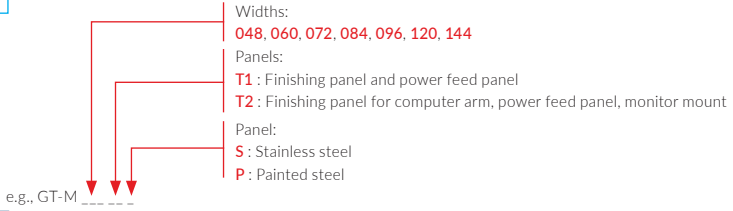

4C WITHOUT TECH UPRIGHTS (ABOVE THE WORK SURFACE)

Widths: 48", 60", 72", 84", 96", 120" and 144" (2×72")

Includes: finishing panel for computer arm, cover panel and power feed panel without tech uprights, monitor mount

Finishing panel: painted steel or stainless steel

5 SIDES OF BAYS

See page 19

1 TYPE OF WORK SURFACE

NOTE: THE WIDTH OF THE WORK SURFACE DETERMINES THE WIDTH FOR STEPS 2, 3 AND 4.

STAINLESS STEEL TOP

- Acts as a work surface and protects the top of the cabinet from impacts
- Particle board top with stainless steel cover (#4 brushed finish)
- Excellent chemical resistance
- Excellent corrosion resistance
- Welded corners for an attractive appearance
- Available in 12ga or 16ga steel (12ga steel top provides better impact resistance)
- 12ga top thickness: 1 13/16"
- 16ga top thickness: 1¾"

PRODUCT NO.	W × D
RC35-4830-__	48" × 30"
RC35-6030-__	60" × 30"
RC35-7230-__	72" × 30"
RC35-8430-__	84" × 30"
RC35-9630-__	96" × 30"
RC35-12030-__	120" × 30"

NOTES: Add 12 to the product number for a 12ga steel top.
For a 144"W workstation, order two 72"W tops.

PAINTED STEEL TOP

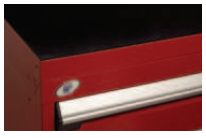

- Acts as a work surface and protects the top of the cabinet from impacts
- Particle board top with painted steel cover
- Welded corners for an attractive appearance
- Thickness: 1¾"

PRODUCT NO.	W × D
RC37-4830	48" × 30"
RC37-6030	60" × 30"
RC37-7230	72" × 30"
RC37-8430	84" × 30"
RC37-9630	96" × 30"
RC37-12030	120" × 30"

NOTE: For a 144"W workstation, order two 72"W tops.

NEOPRENE RUBBER MAT

- Neoprene mat for protecting the work surface
- Thickness: ⅛"
- Order a 26"D mat for use with tech uprights, or 30"D for use without tech uprights.

WIDTH	DEPTH	
	26"	30"
48"	RG45-4826	RG45-4830
60"	RG45-6026	RG45-6030
72"	RG45-7226	RG45-7230
84"	RG45-8426	RG45-8430
96"	RG45-9626	RG45-9630
120"	RG45-12026	RG45-12030
144"	RG45-14426	RG45-14430

NOTE: Not compatible with the marine edge stainless steel top.

MARINE EDGE STAINLESS STEEL TOP

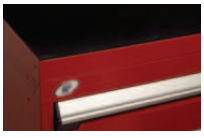

- The edge stops hardware and liquids from falling off
- Acts as a work surface and protects the top of the cabinet from impacts
- Particle board top with stainless steel cover (#4 brushed finish)
- Excellent chemical resistance
- Excellent corrosion resistance
- Welded corners for an attractive appearance
- Available in 12ga or 16ga steel (12ga steel top provides better impact resistance)
- 12ga top thickness: 1 13/16" and 2" edge
- 16ga top thickness: 1¾" and 1 15/16" edge

PRODUCT NO.	W × D
RC35-4830-__M	48" × 30"
RC35-6030-__M	60" × 30"
RC35-7230-__M	72" × 30"
RC35-8430-__M	84" × 30"
RC35-9630-__M	96" × 30"
RC35-12030-__M	120" × 30"

NOTES: Add 12 to the product number for a 12ga steel top, or 16 for a 16ga steel top.
For a 144"W workstation, order two 72"W tops.

NITRILE RUBBER MAT

- Nitrile mat with excellent hydrocarbon and shock resistance
- Thickness: 3/16"
- Order a 26"D mat for use with tech uprights, or 30"D for use without tech uprights.

WIDTH	DEPTH	
	26"	30"
48"	RG48-4826	RG48-4830
60"	RG48-6026	RG48-6030
72"	RG48-7226	RG48-7230
84"	RG48-8426	RG48-8430
96"	RG48-9626	RG48-9630
120"	RG48-12026	RG48-12030
144"	RG48-14426	RG48-14430

NOTE: Not compatible with the marine edge stainless steel top.

SLIDING LIFT MOTOR UNIT FOR ROTARY SHOCKWAVE™

- Quick and easy access to the lift control by sliding the unit out
- Easy access to the lift control on both sides
- Unit includes housing and a removable front
- 4"H base: painted or stainless steel
- Compatible with 120V only
- Optional leveling glides: RA75-01

PRODUCT NO.	TYPE OF BASE	W×D×H
RC05-18273401	Painted steel	18"×27"×34"
RC06-18273401	Stainless steel	18"×27"×34"
RC05-18273801	Painted steel	18"×27"×38"
RC06-18273801	Stainless steel	18"×27"×38"

STRUCTURAL CLOSED LEG

- Available for ends or middle of workstation
- Provides adequate support for integrating non-structural elements under the work surface (for over 18"W). Leg is 3" wide
- The middle leg can be used to create workstations wider than 72" without needing another structural element for support
- Two options available: Two 15A power outlets, or one 15A power outlet with two USB ports
- Use a stringer (RC77) for applications that only use legs
- Two base types available (4"H): recessed or full depth
- The base is available in painted or stainless steel
- Includes leveling glides
- An inside finishing panel (RC74) is also available for a more finished look

RC7_ - 27_ _ _ _ _

- 0: End leg with painted steel base
- 1: End leg with stainless steel base
- 2: Middle leg with painted steel base
- 3: Middle leg with stainless steel base

Heights: 34" and 38" (with base)

- 01: Recessed base (specify L or R)
- 02: Straight base (L or R not required)

- 20: 2 power outlets (15A).
- 22: 1 power (15A), 2 USB ports (1 A, 1 C)
- blank: Without outlets

CROSSMEMBER

- Supports closed legs when used at the end of the workstation
- Connects the leg to another structural element on the workstation to provide extra rigidity at the bottom
- Stainless steel

PRODUCT NO.
RC78-__

NOTE: Complete the product number with the width required: 18", 21", 24", 27", 30", 36", 42" or 48".

SLIDING LIFT MOTOR UNIT

- Quick and easy access to the lift control by sliding the unit out
- Easy access to the lift control on both sides
- Available for Rotary Mechanical, Rotary inground SmartLift®, Challenger with BMC and Challenger EnviroLift®
- Includes housing
- 4"H base: painted or stainless steel
- Compatible with 220 V only
- Optional leveling glides: RA75-01

PRODUCT NO.	TYPE OF LIFT
RC__-1227__01	Challenger with BMC (controls on the workstation)
RC__-1227__05	Rotary inground SmartLift® (2007 version to present)
RC__-1227__07	Rotary Mechanical (conventional controls, September 2010 to present)
RC__-1227__08	Challenger EnviroLift® without BMC before 2015
RC__-1227__09	Challenger with BMC (controls integrated into sliding lift motor unit)
RC__-1227__10	Challenger EnviroLift® without BMC after 2015

NOTES: Add 20 to the RC__ product number for a painted steel base, or 21 for a stainless steel base.

Add 34 to the product number for a 36"H workstation, or 38 for a 40"H workstation.

HIDEAWAY DOOR

- Designed to conceal waste containers (RK06), MultiTek Carts and L Mobile Cabinets under the work surface
- Includes a handle to easily open the door
- Available with or without a lock

PRODUCT NO.	W×H	NOMINAL HEIGHT
RB52-1834___	18"×34"	30"
RB52-2134___	21"×34"	30"
RB52-2434___	24"×34"	30"
RB52-2734___	27"×34"	30"
RB52-1838___	18"×38"	34"
RB52-2138___	21"×38"	34"
RB52-2438___	24"×38"	34"
RB52-2738___	27"×38"	34"

NOTES: Add L3 to the end of the product number to order a hideaway door with L3 key lock.

Add L to the end of the product number to have the hinges on the left or R for the hinges on the right.

Order a 21"W or 24"W hideaway door to fit an L Mobile Cabinet.

DOOR EXTENSION

- Compatible with RB52 Hideaway Door
- Provides an immaculate finish
- Available in painted steel or stainless steel
- Compatible with a 23"W MultiTek Cart

PRODUCT NO.	W×H
RB__-180401	18"×4"
RB__-210401	21"×4"
RB__-240401	24"×4"
RB__-270401	27"×4"

NOTE: Add 59 to the product number for a painted steel extension or 60 for a stainless steel extension.

2 UNDER THE WORK SURFACE

WASTE & RECYCLING DOOR

- Designed to seamlessly integrate waste and recycling containers (RK08/RK09) under the work surface without affecting the usable surface area
- Includes a stainless steel flipper door for discarding waste without needing to open the panel
- A panel support (RB57) must be ordered for units installed at the end of a bay
- A base (RA59/RA60) must be ordered for seamless integration under the work surface

PRODUCT NO.	HINGE	HEIGHT
RB53-2434L	Left	34"
RB53-2434R	Right	34"
RB53-2438L	Left	38"
RB53-2438R	Right	38"

WASTE & RECYCLING DRAWER

- Used for sorting waste and items for recycling
- Logos on the side to facilitate sorting
- Drawer heights available: 17", 26" and 30"
- Holds two containers (one black and one blue) with a divider that secures the containers and allows items to be stored behind

PRODUCT NO.	W × D × H	CONTAINER SIZE
R51CG-X1701	24" × 27" × 17"	Small (7 gallons/26.5 liters)
R51DG-X1701	30" × 27" × 17"	Small (7 gallons/26.5 liters)
R51CG-X2601	24" × 27" × 26"	Large (10 gallons/39 liters)
R51DG-X2601	30" × 27" × 26"	Large (10 gallons/39 liters)
R51CG-X3001	24" × 27" × 30"	Large (10 gallons/39 liters)
R51DG-X3001	30" × 27" × 30"	Large (10 gallons/39 liters)

WASTE & RECYCLING CABINET

- Can be used as a standalone unit, as part of a cabinet configuration or integrated underneath the work surface
- Used for sorting waste and items for recycling
- The 30"H unit includes a 26"H drawer with labeled handle to facilitate sorting; the 34"H unit also includes a 4"H drawer
- Includes two 15 ¼"W × 11"D × 20"H containers: a black one for waste (RK09-02) and a blue one for recycling (RK09-01)
- The drawer includes a divider which secures the containers and also allows items to be stored behind
- Optional leveling glides: RA74-01

PRODUCT NO.	W × D × H	WORKSTATION HEIGHT
GT-5ACG30050_	24" × 27" × 34"	36"
GT-5ACG34050_	24" × 27" × 38"	40"
GT-5ADG30050_	30" × 27" × 34"	36"
GT-5ADG34050_	30" × 27" × 38"	40"

NOTE: Add S to the end of the product number for a stainless steel base or P for a painted steel base.

WASTE & RECYCLING DOORS

- Hide RK10 Waste & Recycling Containers under the work surface
- The doors are not full height so users can dispose of waste without opening the door
- Include hinges for opening door when emptying containers
- Include magnets to keep the door closed
- Include self-adhesive labels attached to the doors to identify the waste and recycling sides

PRODUCT NO.		WIDTH
RB58-24__-01L	Recycling	24"
RB58-24__-02R	Waste	24"
RB58-30__-01L	Recycling	30"
RB58-30__-02R	Waste	30"

NOTES: 17"H panels are recommended for 36"H workstations; 21"H panels are recommended for 40"H workstations. Complete the product number with the height required: 17" or 21".

By default, the recycling door is on the left and the waste door is on the right.

WASTE CONTAINER

- Capacity: 28 gallons (the square bin has 14% greater capacity then the round bin)
- Rounded corners for easier cleaning
- Dimensions: 21 ½"W (25"W with handles) × 21 ½"D × 22 ½"H
- Optional door is available for seamless integration under the work surface (RB52)
- Mobile pedestal also available (RK07)

PRODUCT NO.	INCLUDES
RK06-01	Waste container
RK07-01	Mobile pedestal

WASTE AND RECYCLING CONTAINERS

RK08/09

RK10

- Used for sorting waste and items for recycling
- 3 sizes:
  - **Small** (14⅜"W × 10 ¼"D × 15"H) for a 17"H Waste & Recycling Drawer (R51CG-X1701 and R51DG-X1701)
  - **Large** (15 ¼"W × 11"D × 20"H) for use with an RB53 Waste & Recycling Door or a 26"H Waste & Recycling Drawer (R51CG-X2601) and R51DG-X2601)
  - **Extra large** (18⅜"W × 23½"D × 16⅛"H) recommended for RB58 Waste & Recycling Doors

PRODUCT NO.	SIZE	COLOR
RK08-01	Small (7 gallons/26.5 liters)	Blue
RK08-02	Small (7 gallons/26.5 liters)	Black
RK09-01	Large (10 gallons/39 liters)	Blue
RK09-02	Large (10 gallons/39 liters)	Black
RK10-01	Extra large (18 gallons/68 liters)	Blue
RK10-02	Extra large (18 gallons/68 liters)	Gray

HEIGHT-ADJUSTABLE ARTICULATING ARM

WITHOUT UPRIGHTS

All models featured here have the following characteristics:

- Installs on the work surface with an RC68 or RC69 cover panel for electronics mounts, does not install directly on the housing
- Compatible with the following work surfaces: RC35, RC37 and WS14
- Includes an 18"H pole
- The work surface must extend beyond the rear by 1½"
- Optimum ergonomics

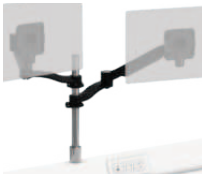

EASY CABLE MANAGEMENT

MONITOR ARM

- Compatible with most monitors (max. 21") on the market
- Complies with VESA 75 and 100 monitor mounting standards
- Includes a height adjustable articulating arm(s) with two joints
- The articulating arm with two joints provides extra adjustment options
- Screen can be rotated and tilted
- Single and dual arm versions are available
- Arm includes a channel for cable management
- Height can be adjusted tool free
- Capacity: 20 lb
- Color: Black

PRODUCT NO.	FOR
RC59-03	Single Monitor
RC59-04	Two Monitors

LAPTOP ARM

- Holds a laptop, electronic device or any other object
- Tray's usable area: 19"W × 14"D
- Includes a height adjustable articulating arm with two joints
- The articulating arm with two joints provides extra adjustment options
- Includes ½"H edges on the sides and back
- Tray can be rotated and tilted
- Arm includes a channel for cable management
- Height can be adjusted tool free
- Capacity: 20 lb
- Color: Black

PRODUCT NO.
RC59-42

MONITOR MOUNT AND KEYBOARD AND MOUSE ARM

- Holds a computer monitor, keyboard and mouse
- Compatible with most monitors (max. 21") on the market
- Complies with VESA 75 and 100 monitor mounting standards
- Keyboard tray's usable area: 23⅝"W × 8½"D
- Includes a height adjustable articulating arm with one joint
- Screen and tray can be rotated and tilted
- Arm includes a channel for cable management
- Height can be adjusted tool free
- Capacity: 14 lb
- Color: Black

PRODUCT NO.
RC59-21

TABLET ARM

- Compatible with most tablets on the market
- The clamps and mount have a non-slip surface to keep the tablet stable
- Compatible tablet sizes:
  - Small: 7⅝"W to 10"W
  - Large: 9⅞"W to 12¼"W
- Includes a height ajustable articulating arm with or two joints
- The articulating arm with two joints provides extra adjustment options
- Height can be adjusted tool free
- Tablet can be rotated and tilted
- Arm includes a channel for cable management
- Capacity: 14 lb
- Color: Black

PRODUCT NO.	FOR
RC59-62-01	Small Tablet
RC59-62-02	Large Tablet

3 ABOVE THE WORK SURFACE

POWER FEED PANEL WITHOUT UPRIGHTS

- Includes a power bar with three 15A outlets for a 15A circuit
- Additional versions available: with a knockout for a pneumatic connection and a perforation (with a cover plate) for a telephone / Ethernet jack; or with two USB ports; or with knockout, perforation and two USB ports
- Installs on RC35 and RC37 tops
- Available in painted steel or stainless steel

RC6_-_-_-_-_

- 4: Without uprights, painted steel
- 5: Without uprights, stainless steel
- Widths:
  30", 36", 42", 48", 54", 60" and 72"
- 10: 3 power outlets (15A)
- 11: 3 power outlets (15A), perforations
- 12: 3 power outlets (15A), 2 USB ports (1 A, 1 C)
- 13: 3 power outlets (15A), 2 USB ports (1 A, 1 C), knockout and perforation
- 01: Without back panel
- 02: With back panel (only available for applications without uprights)

e.g., RC64-361201 for a 36"W painted steel power feed panel with power outlet strip with 3 power outlets (15A), 2 USB ports, and without a back panel.

GT-C1167S

COVER PANEL FOR COMPUTER MOUNTS

- Provides a more aesthetic finish when installing computer mounts (RC59-03/ RC59-04/RC59-21/RC59-42/ RC59-62-01 /02)
- Can be combined with a power feed panel (RC64/RC65) or cover panel (RC66/RC67) if required
- Available in painted steel or stainless steel
- Width: 24"

RC6_-24__

- 8: Painted steel
- 9: Stainless steel
- 01: Without back panel
- 02: With back panel

COVER PANEL WITHOUT UPRIGHTS

- Can be combined with a power feed panel when necessary, or used on its own for a perfect finish
- Available in stainless or painted steel

RC6_-_-_-_

- 6: Without uprights, painted steel
- 7: Without uprights, stainless steel
- Widths:
  24", 30", 36", 42", 48", 54", 60" and 72"
- 01: Without back panel
- 02: With back panel (available for applications without uprights only)

e.g., RC66-3001 for a painted steel cover panel, 30" wide, without back panel.

TECH UPRIGHTS

- For installation of a storage cabinet (RD02), computer cabinet (R5MCA), panel support (RC47), power feed panels (RC60/ RC61) and cover panels (RC62/RC63)
- Allows height of cabinets to be adjusted in 4" increments
- Anchors securely to the work surface

PRODUCT NO.	HEIGHT
RD44-19	19"
RD44-40	40"

PANEL SUPPORT

- Supports finishing panels (RC41/RC42), plastic bin panels (RC45), utility panels (RC93/RC94) and finishing panels for computer arm (RC81/RC82)
- Enables a combination of different panel types to be installed

PRODUCT NO.	WIDTH
RC47-24__	24"
RC47-30__	30"
RC47-36__	36"
RC47-42__	42"
RC47-48__	48"
RC47-60__	60"

NOTES: For 19" RD44 uprights, add 03 to the number.
For 40" RD44 uprights, add 01 to the number for the lower section and 02 for the upper section.

SLOPED TOP FOR STORAGE CABINET AND COMPUTER CABINET

- Keeps the workspace clean and safe while reducing clutter
- Fits perfectly into the "5S" storage method
- 35° sloped top for computer cabinet and storage cabinet
- The top for computer cabinets includes a fan
- Height: 8"

PRODUCT NO.	FOR	W×D
RD42-241408	Storage cabinet	24"×14"
RD42-301408	Storage cabinet	30"×14"

RD42-601408	Storage cabinet	60"×14"
RD43-241408	Computer cabinet	24"×14"

FLIPPER DOOR STORAGE CABINET

- Can be wall mounted or installed on RD44 tech uprights
- The back is removable when wall mounted allowing easy access to electrical components (power outlets)
- The flipper door has a large handle for a comfortable grip (RD20)
- Optional lamp produces optimized lighting (RD45)

PRODUCT NO.	W×D×H
R5MCB-2111	24"×14"×21"
R5MDB-2111	30"×14"×21"
R5MEB-2111	36"×14"×21"
R5MHB-2111	42"×14"×21"
R5MGB-2111	48"×14"×21"
R5MKB-2111	60"×14"×21"

NOTE: Flipper door storage cabinets include an L3 key lock. For an L50 digital lock or an L100 smart lock, please contact Customer Service.

SLIDING DOOR STORAGE CABINET

- Can be wall mounted or installed on RD44 tech uprights
- The back is removable when wall mounted allowing easy access to electrical components (power outlets)
- Integrated door provides maximum clearance for handling items stored in the cabinet
- Polycarbonate door provides excellent impact resistance

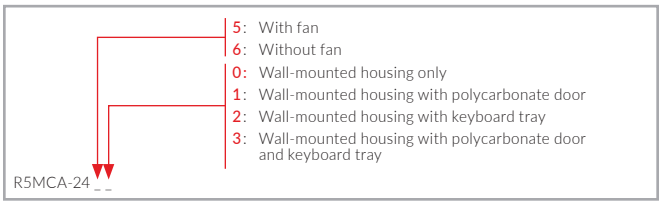

PRODUCT NO.	W×D×H
R5MEB-21__	36"×14"×21"
R5MHB-21__	42"×14"×21"
R5MGB-21__	48"×14"×21"
R5MKB-21__	60"×14"×21"

NOTE: Add 07 to the product number for a solid integrated door or 08 for a polycarbonate integrated door.

COMPUTER CABINET

- Includes a monitor mount to create room for a CPU and monitor
- Available with fan (for standalone use) or without fan (for use with sloped top)
- Includes a power outlet strip
- The keyboard tray (optional) can be tucked away under the cabinet when not in use
- Width: 24"

LAPTOP, KEYBOARD & MOUSE TRAY

- Allows a laptop or keyboard and mouse to be used under a cabinet. Maximum laptop screen size: 15"
- Tucks away under the cabinet when not in use
- Tilts 17° when pulled out
- Includes a neoprene mat for better grip underneath the laptop or keyboard and mouse
- Opens easily and smoothly

PRODUCT NO.
RD47-2414

STORAGE UNIT

- Installs underneath a storage cabinet with or without an RD47 Laptop, Keyboard & Mouse Tray
- Can be installed underneath a computer cabinet with or without an RD47 Laptop, Keyboard & Mouse Tray
- Provides extra storage space
- Allows Laptop, Keyboard & Mouse Tray to be lowered by 4"
- Width: 24"

PRODUCT NO.	FOR
RD48-24140401	Computer cabinet and storage cabinet (24"W)
RD48-24140403	Storage cabinet over 24"W

3 ABOVE THE WORK SURFACE

LED LIGHT

- Emits a brighter light than fluorescent tubes and is more energy efficient
- Brightens shaded areas under cabinets
- Can be installed under RD00/ RD02 cabinets
- Color temperature: 5000-6000K (daylight white)
- For a motion sensor (3 switch positions available), complete the product number with MS, e.g., RD45-2414MS for an LED light for cabinet with motion sensor

PRODUCT NO.	HOUSING WIDTH	REAL LIGHT WIDTH

RD45-6014__	60"	57"

NOTES: The motion sensor is not available for 18" widths.
*Not compatible with computer cabinets with keyboard and mouse tray.

CONNECTING CABLE

- Up to 7 lights can be connected in series
- Each light is independent and controlled by its own switch

PRODUCT NO.	CABLE LENGTH
70001108	8"
70001112	12"
70001124	24"

PLASTIC WRAP ROLL HOLDER

- Ideal for rolls of protective plastic for car seats
- Installs under an RD02 storage cabinet
- Total load capacity: 50lb.

PRODUCT NO.	WIDTH
RD46-4814	48"
RD46-6014	60"

NOTE: Not compatible with LED light.

POWER FEED PANEL WITH UPRIGHTS

- Includes a power bar with three 15A outlets for a 15A circuit
- Additional versions available: with a knockout for a pneumatic connection and a perforation (with a cover plate) for a telephone/Ethernet jack; or with two USB ports; or with knockout, perforation and two USB ports
- Installs on RC35 and RC37 tops
- Designed for use with tech uprights (RD44)
- Available in painted steel or stainless steel

RC6_-___ 01
- 0: With uprights, painted steel
- 1: With uprights, stainless steel

Widths:
- 30", 36", 42", 48" and 60"

- 10: 3 power outlets (15A)
- 11: 3 power outlets (15A), perforations
- 12: 3 power outlets (15A), 2 USB ports (1 A, 1 C)
- 13: 3 power outlets (15A), 2 USB ports (1 A, 1 C), knockout and perforation

e.g., RC61-361201 for a 36"W stainless steel power feed panel with uprights, with a power outlet strip with 3 power outlets (15A) and 2 USB ports.

COVER PANEL WITH UPRIGHTS

- Can be combined with a power feed panel or used on its own to cover the feet of tech uprights for an immaculate finish
- Designed for use with tech uprights (RD44);
- Available in painted steel or stainless steel

RC6_-___ 01
- 2: With uprights, painted steel
- 3: With uprights, stainless steel

Widths:
- 24", 30", 36", 42", 48" and 60"

e.g., RC62-3001 for a 30"W painted steel cover panel with uprights.

10: 3 power outlets (15A)

11: 3 power outlets (15A), a knockout for a pneumatic connection and a perforation (with cover plate) for installing a telephone or network jack

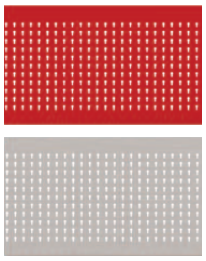

12: 3 power outlets (15A) and 2 USB ports

13: 3 power outlets (15A), 2 USB ports, a knockout for a pneumatic connection and a perforation (with cover plate) for installing a telephone or network jack

UTILITY PANEL

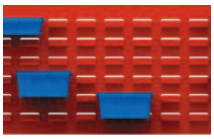

- Includes perforations spaced 1" apart c/c and is compatible with all WM9_ hooks and holders (see page 119)

RC9 _ _ _ _
- 3: Painted steel
- 4: Stainless steel
- Widths: 24", 30", 36", 42" and 48"
- Heights: 15" (lower) and 20" (upper)

NOTE: Not compatible with the WM21 Tiltable Shelf for Utility Panel.

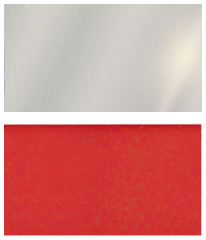

PLASTIC BIN PANEL

- Compatible with RG20 plastic bins (see page 121) and all brands of plastic bins with hanging lip on the market

RC45_ _ _
- Widths: 24", 30", 36", 42" and 48"
- Heights: 15" (lower) and 20" (upper)

FINISHING PANEL

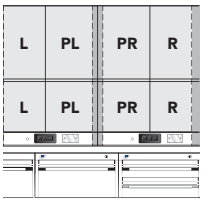

- Provides an immaculate finish
- Available in painted and stainless steel
- Can be used with or without a cabinet on top
- Two panels can be stacked (15"H + 20"H) to create a full height wall. which can hold accessories as needed
- Panels are compatible with the following accessories: multi-purpose holders (RC51), monitor mounts (RC52), keyboard & mouse tray (RC53), multi-purpose supports (RC54)

RC4 _ - _ _ _
- 1: Painted steel
- 2: Stainless steel
- Widths: 12", 18", 24", 30", 36", 42" and 48"
- Heights: 15" (lower) and 20" (upper)

FINISHING PANEL FOR COMPUTER ARM

- Available in painted and stainless steel
- Can be used with or without a cabinet on top
- Two panels can be stacked (15" + 20")
- Panels are compatible with the following accessories: RC58-03/RC58-21/RC58-42/RC58-62
- Includes perforation for running cables through
- Width: 12"

RC8_-12 _ _ _
- 1: Painted steel
- 2: Stainless steel
- Heights: 15" (lower) and 20" (upper)
- R: Right side of workstation
- L: Left side of workstation
- PR: To the right of the common post
- PL: To the left of the common post

NOTE: **Determine where the panel will be placed on the workstation and order the appropriate part (R, L, PR, PL). The panel cannot be installed anywhere other than the designated location.**

Jaguar Land Rover

MULTI-PURPOSE HOLDER

- Holds up to 4 aerosol cans
- Also compatible with drinks cans
- Hooks securely onto RC41/RC42/RC93/ RC94/RC45 panels
- Can be installed anywhere across the width of the bay

PRODUCT NO.	COMBINATION
RC51-120303	Panels only
RC51-120312	Panels and storage cabinets

PHONE AND DOCUMENT HOLDER

- Usable surface area: 14"W × 12"D
- Includes a clip to keep documents in place
- Hooks securely onto RC41/RC42/RC93/ RC94/RC45 panels
- Can be installed anywhere across the width of the bay

PRODUCT NO.	COMBINATION
RC54-1412	Panels only
RC54-141202	Panels and storage cabinets

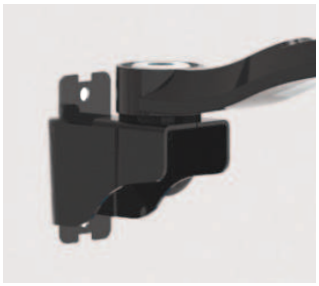

GT-C2047S

HEIGHT-ADJUSTABLE ARTICULATING ARM

All models featured here have the following characteristics:

- Installs on finishing panel for computer arm
- Easy cable management
- Optimum ergonomics

EASY CABLE MANAGEMENT

MONITOR ARM

- Compatible with most monitors (max. 21") on the market
- Complies with VESA 75 and 100 monitor mounting standards
- Includes an articulating arm with two joints
- The articulating arm with two joints provides extra adjustment options
- Monitor can be rotated and tilted
- Installs on a lower (15") finishing panel for computer arm (RC81/RC82)

PRODUCT NO.
RC58-03

LAPTOP ARM

- Holds a laptop, electronic device or any other object
- Tray's usable area: 14"W × 12"D
- Includes an articulating arm with two joints
- The articulating arm with two joints provides extra adjustment options
- Tray can be rotated and tilted
- Installs on a lower (15") finishing panel for computer arm (RC81/RC82)

PRODUCT NO.
RC58-42

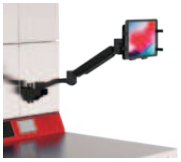

MONITOR MOUNT AND KEYBOARD & MOUSE ARM

- Holds a computer monitor, keyboard and mouse
- Keyboard tray's usable area: 23⅝"W × 8½"D
- Includes an articulating arm with a single joint
- Compatible with most monitors (max. 21") on the market
- Complies with VESA 75 and 100 monitor mounting standards
- Monitor and tray can be rotated and tilted
- Installs on a lower (15) and upper (20) finishing panel for computer arm (RC81/RC82)

PRODUCT NO.
RC58-21

TABLET ARM

- Compatible with most tablets on the market
- The clamps and mount have a non-slip surface to keep the tablet stable
- Includes an articulating arm with two joints
- The articulating arm with two joints provides extra adjustment options
- Tablet can be rotated and tilted
- Installs on a lower (15") finishing panel for computer arm (RC81/RC82)
- Compatible tablet sizes:
  - Small: 7⅝"W to 10"W
  - Large: 9⅞"W to 12¼"W

PRODUCT NO.	FOR
RC58-62-01	Small
RC58-62-02	Large

KEYBOARD & MOUSE TRAY

- Usable surface area: 24"W × 12"D for a keyboard and mouse
- Includes a series of bends at the front (¾" surface) that act as a palm rest
- Hooks securely onto RC41/RC42/RC93/RC94/RC45 panels
- Can be installed anywhere across the width of the bay

PRODUCT NO.	COMBINATION
RC53-2412	Panels only
RC53-241202	Panels and storage cabinets

LAPTOP TRAY

- Supports laptops of up to 14"W × 12"D
- Hooks securely onto RC41/RC42/RC93/RC94/RC45 panels
- Includes a series of bends at the front (¾" surface) that act as a palm rest
- Can be installed anywhere across the width of the bay

PRODUCT NO.
RC54-1412

MONITOR MOUNT

- Supports monitors and RC41/RC42/RC93/RC94/RC45 panels
- Complies with VESA 75 and 100 monitor mounting standards
- Includes a central cutout for cable management from the rear of the mount
- Two positions: vertical or angled 10° forward to reduce reflections

PRODUCT NO.
RC52-20

GT-C1069S

5 SIDES OF BAYS

5A TOOLBOXES - PAGES 44-54

- Toolboxes can be ordered on their own or as components of a workcenter as featured on **pages 20-33**
- 10 drawer heights and 7 toolbox heights available for a wide range of custom combinations
- Drawer lock-in mechanisms available for all models
- Stationary and mobile versions available

5B R2V VERTICAL STORAGE - PAGES 55-60

- This vertical storage system provides easy access to stored items, increases storage density and reclaims floor space
- Compatible with a wide variety of 5S accessories for simple and efficient inventory management
- Drawer lock-in mechanism included with all models
- Optional One-Drawer-at-a-Time System available
- Installs on standard widths of Rousseau R cabinets
- To ensure unit stability, the unit must be anchored to a cabinet

5C REEL CABINETS - PAGES 63-66

- A range of reel cabinets available that vary according to number of reels required and layout
- Cabinets include a door and/or panel for easy access and maintenance
- Removable drip tray included

5D STORAGE UNITS - PAGES 67-70

- Unit provides secure storage for technicians' personal belongings and for an oil waste container or MultiTek Cart
- Heights available: 48", 76" and 80". Can be used in a workcenter or as a standalone unit
- To ensure unit stability, the unit must be anchored to a workstation, toolbox, storage cabinet or the wall
- Several configurations available: with or without storage for a MultiTek Cart, L Compact Mobile Cabinet or oil waste container

5E STORAGE UNITS AND LOCKERS - PAGES 71-72

- Unit provides secure storage for technicians' personal belongings
- Heights available: 48", 76" and 80". Can be used in a workcenter or as a standalone unit
- To ensure unit stability, the unit must be anchored to a workstation, toolbox, storage cabinet or the wall
- Several configurations possible: 1 door or 2 doors with or without ventilation holes

CORNER WORKSTATIONS

MAXIMIZE SPACE FOR WORK AND STORAGE

Ferrari Lake Forest (IL)

Corner workstations allow for a more complete and integrated layout. They also make use of all available space for work and storage.

- Ergonomic 36" or 40" work surface height
- Standard 30" work surface depth
- Choice of two configurations: with or without cabinet under the work surface
- Leveling glides included in each model for a stable and level workstation
- Designed to be placed against a wall or back to back
- Must be anchored to two cabinets of the same height and depth, one on each side (RA30 or RA35)

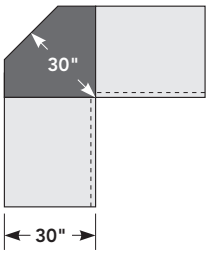

To order, choose "WITH" or "WITHOUT" cabinet under the work surface.

Then configure your workstation. Options vary depending on the configuration chosen.

WITHOUT CABINET UNDER THE WORK SURFACE

0030

Right-angled corner (2"W finishing panel)

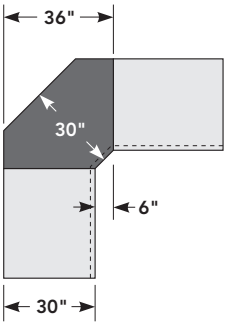

RS-C084X

0630

9"W finishing panel

ACCESSORIES

LED LIGHT

- Brighter and more energy efficient than a fluorescent tube
- Brightens shaded areas under cabinets
- Color temperature: 5000-6000K (daylight white)
- Includes a galvanized steel fitting
- Includes a 10' power cord
- The recommended operating temperature for our LED lights is between 5 and 40 °C (41 to 104 °F)
- An optional motion sensor can be added

PRODUCT NO.	CONFIGURATION	REAL LIGHT WIDTH
RD45-2416__	0630	21"
RD45-3016__	1230	27"
RD45-3616__	1830	33"

NOTES: The motion sensor is not available for 18" widths.
Not compatible with computer cabinets with keyboard and mouse tray.

MULTI-PURPOSE HOLDER

- Holds up to four aerosol cans
- Also compatible with drinks cans

PRODUCT NO.	FOR
RC51-120312	With or without top cabinet
RC51-120303	With panel configurations only

TEKZONE WORKSTATION HUTCH

SECURITY – FLEXIBILITY – EFFICIENCY

With the TekZone Workstation Hutch, you can create a personalized and organized workspace.

- The work area it provides is spacious and well lit. Each TekZone Hutch is equipped with an LED light with motion sensor so the workspace lights up as soon as you open the door
- A wide range of accessories helps you to stay tidy by freeing up the work surface, while keeping your essential tools close at hand
- The ingenious door mechanism allows you to open and close the hutch easily, smoothly and safely. With the full-width handle, you can open the door with any hand position. The door is fitted with a lock to secure the contents of the hutch
- An L3 key lock is included with the hutch. For an L50 digital lock or an L100 smart lock, please contact Customer Service

4 ACCESSORIES

TABLET ARM

- Compatible with most tablets on the market
- The clamps and mount have a non-slip surface to keep the tablet stable
- Includes an articulating arm with two joints
- The articulating arm with two joints provides extra adjustment options
- Tablet can be rotated and tilted
- Compatible tablet sizes:
  - Small: 7⅝"W to 10"W
  - Large: 9⅞"W to 12¼"W

PRODUCT NO.	FOR
EA64-62-01	Small
EA64-62-02	Large

MONITOR MOUNT AND KEYBOARD & MOUSE ARM

- Holds a computer monitor, keyboard and mouse
- Keyboard tray's usable area: 23⅜"W × 8½"D
- Includes an articulating arm with a single joint and an articulating arm with two joints
- The articulating arm with two joints provides extra adjustment options
- Compatible with most monitors (max. 21") on the market
- Complies with VESA 75 and 100 monitor mounting standards
- Monitor and tray can be rotated and tilted

PRODUCT NO.	USE
EA64-02	Articulating arm for monitor
EA64-32	Articulated arm for keyboard and mouse

LAPTOP ARM

- Holds a laptop, electronic device or any other object
- Tray's usable area: 14"W × 12"D
- Includes an articulating arm with two joints
- The articulating arm with two joints provides extra adjustment options
- Tray can be rotated and tilted

PRODUCT NO.
EA64-42

MONITOR MOUNT

- Supports a monitor compliant with the VESA 75 and 100 standards
- Includes a central cutout for cable management from the rear of the mount
- Two positions: vertical or angled 10° forward to reduce reflections

PRODUCT NO.
RH52-15

LAMP WITH MAGNIFIER AND LED LIGHT — RH50

- Diopter: 5 (2.25x magnification)

PRODUCT NO.	USE
RH50-02	Support and Lamp with magnifier and LED light

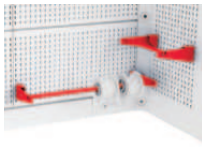

KEYBOARD TRAY

- Hooks onto back utility panels at the desired height
- Unique and heavy-duty design with palm rests
- 25"W to accommodate a keyboard and mouse
- Includes a non-slip protective mat

PRODUCT NO.
RH53-25

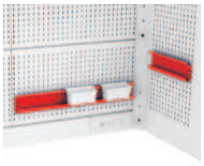

WIRE SPOOL AND ROLL HOLDERS

- Hooks onto utility panels at the desired height
- Ideal for wire spools or paper towel rolls
- Tube diameter: ¾"
- Load capacity: 50lb.

PRODUCT NO.	WIDTH	USE
WM9P-1201	12"	For 27"D side panels
WM9P-2001	20"	For half-width back panels on a 48"W hutch
WM9P-2301	23"	For half-width back panels on a 54"W hutch
WM9P-2601	26"	For half-width back panels on a 60"W hutch For back panels on a 36"W and 42"W hutch

PLASTIC BIN RAIL

- Hooks onto utility panels at the desired height
- Plastic bins hook onto the rail for efficient storage of small parts
- Compatible with RG20 plastic bins (sold separately)

PRODUCT NO.	WIDTH	USE
WM9C-12	12"	For 27"D side panels
WM9C-20	20"	For half-width back panels on a 48"W hutch
WM9C-23	23"	For half-width back panels on a 54"W hutch
WM9C-26	26"	For half-width back panels on a 60"W hutch For back panels on a 36"W and 42"W hutch

4 ACCESSORIES

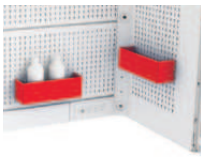

SLOPED TOP

- Keeps the workspace clean and safe while reducing clutter
- Height: 8"

PRODUCT NO.	W×D
RH89-362708	36"×27"
RH89-422708	42"×27"
RH89-482708	48"×27"
RH89-542708	54"×27"
RH89-602708	60"×27"

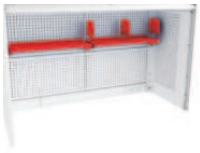

CAN HOLDER

- Hooks onto utility panels at the desired height
- Ideal for storing cans and other containers of different sizes
- Compatible with side and back panels

PRODUCT NO.	W×D×H
WM9D-12	12"×3"×4"

SHELF AND DIDIVERS

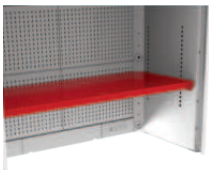

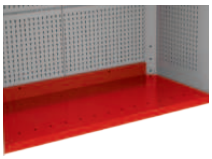

- Hooks onto back utility panels at the desired height
- Can be installed at a right angle or angled 15°
- The shelf is reversible and its edge can act as a back stop for plastic bins and ring binders
- Load capacity: 100lb. (evenly distributed)
- Compatible with SH52-1206 dividers in 2" increments c/c
- Width compatibility:
  36" and 42" hutches: full-width shelf
  48", 54" and 60" hutches: half-width shelf

PRODUCT NO.	WIDTH	COMPATIBILITY
RH60-24__	20"	½ shelf for 48"W hutch
RH60-27__	23"	½ shelf for 54"W hutch
RH60-30__	26"	½ shelf for 60"W hutch
RH61-36__	29"	Shelf for 36"W hutch
RH61-42__	35"	Shelf for 42"W hutch
SH52-1206		Divider

NOTE: Add 08 to the product number for an 8"D shelf and 12 for a 12"D shelf.

MIDDLE SHELF AND BOTTOM SHELF

- Full-length and full-depth shelf
- Load capacity: 200lb. (evenly distributed)
- Compatible with SH52-2106 dividers in 3" increments c/c
- Compatible with RH20 and RH21 back utility panels (the panel area right next to the shelf will be unusable)
- Not compatible with RH22/RH23 back plastic bin panels
- **RH64 Middle Shelf:**
  - Attaches to RH35 side panels only
  - To add to a preconfigured TZ model, replace the side panels with RH35 side panels
  - Not compatible with the following side panels: RH32 plastic bin panels, RH30/RH31 utility panels and RH28/RH29 finishing panels
- **RH65 Bottom Shelf**:
  - A top (see page 41) is required for joining the hutch to the cabinet underneath

PRODUCT NO.	WIDTH	ACTUAL DEPTH
RH__-3627	36"	20 7/16"
RH__-4227	42"	20 7/16"
RH__-4827	48"	20 7/16"
RH__-5457	54"	20 7/16"
RH__-6027	60"	20 7/16"

NOTES: Add 64 to the product number for a middle shelf and 65 for a bottom shelf.
RH40/41 power feed panels, RH38/39 cover panels and RH36/37 cable management modules cannot be used with the bottom shelf.

BATTERY CHARGER SHELF

- Hooks onto back utility panels at the desired height
- 25" usable width accommodates several chargers at once
- Includes a non-slip protective mat
- Includes a built-in power strip with six power outlets (15A/120V, with switch, circuit breaker and 15' power cord)
- Includes storage space for cable management

PRODUCT NO.	WIDTH
RH54-26	26"

ADJUSTABLE KICK PLATE FOR LEVELING GLIDES

- Provides an immaculate finish
- Prevents dust from entering
- Available in stainless steel only
- Please contact your customer service representative for more details

LEVELING GLIDES

- For easy height adjustment and leveling of toolbox without removing drawers (1⅛" to 2" from the ground)
- Compatible with toolbox bases
- Sold in packs of 4

PRODUCT NO.
RA74-01

SIDE UTILITY PANEL

- Maximizes toolbox storage space
- Installs on the sides of toolboxes
- Compatible with all WM9_ hooks and holders, **see page 119**

PRODUCT NO.	DEPTH
RC02-27__	27"

NOTES: Complete the product number with the housing height required: 28", 30", 34", 38", 44", 58".
Full height installation only.
Not compatible with RC00 foldaway shelves.

BUMPERS FOR TOOLBOXES

- Protects toolboxes from bumps and damage
- Protection kit for all four corners of toolboxes
- Vertical bumpers and endcaps made from resistant soft PVC
- Quick and easy installation with double-sided adhesive tape
- Tool-free installation

PRODUCT NO.	COMPATIBLE WITH
RB9J-_ _ 01	RA30/RA35 toolbox
RB9J-_ _ 02	RA30/RA35 toolbox and RD01 side cabinet

LB00-DDHHL100	LA30 (L Cabinet)

NOTE: Not compatible with RC38 and RC39 tops.

The R2V Vertical Storage System is the only product of its type on the market. Stacked above an R cabinet (sold separately), it is ideal for storing more tools and equipment while keeping them within easy reach. By using all vertical space available, you can free up floor space and stay perfectly organized.

The drawers – which are fitted with a lock-in mechanism – open to full extension and boast a load capacity of 200lb. They provide high-density and tidy storage, which helps boost your productivity and efficiency.

- Widths: 24", 30", 36", 42", 48", 54" and 60"
- Depth: 27"
- Heights: 34" and 38"
- Drawer widths: 6", 7", 8", 9", 10", 11" and 12"

IDA DESIGN AWARDS SILVER WINNER 2020

NOTE: Complete the product number with the cabinet width: 24", 30", 36", 42", 48", 54" and 60".

CABINET FOR TWO USERS

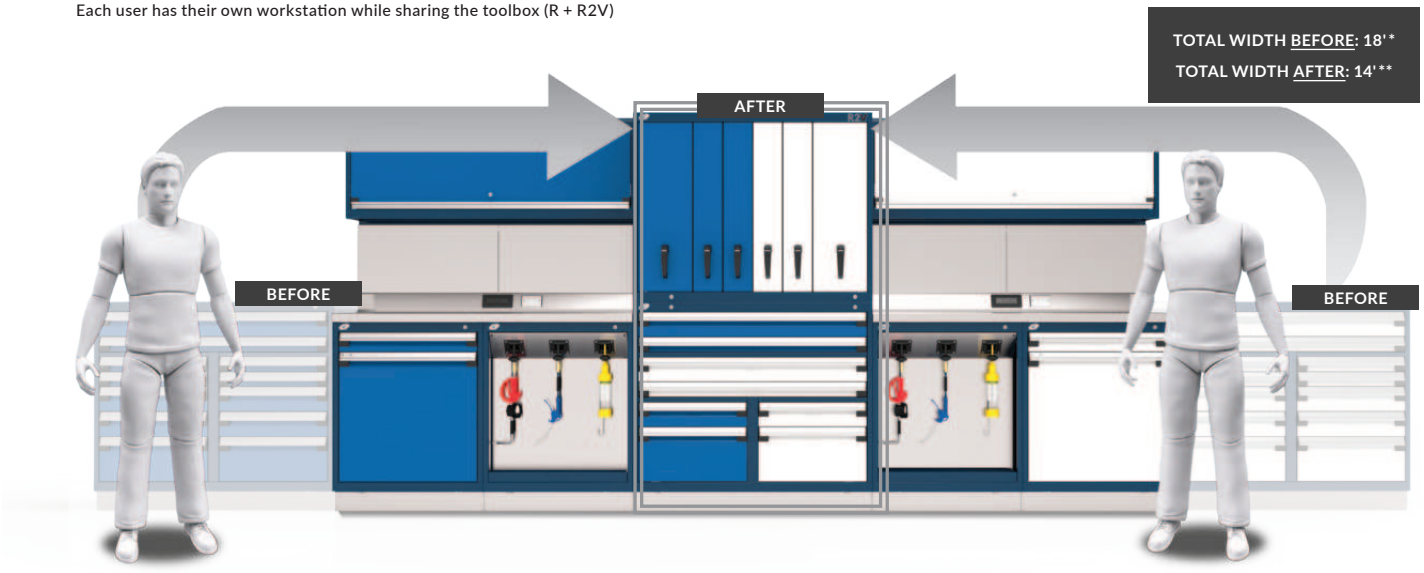

Sharing toolboxes between two users is now easy with two-user access. Available for multi-drawer toolboxes and the R2V Vertical Storage System, two-user access allows each technician to lock their own bank of drawers individually. This solution is ideal when two employees share the same workstation and floor space is a challenge. Furthermore, by stacking R2V storage over an R toolbox, you can increase the number of tools stored without using any extra floor space.

- Widths available: 48" and 60"
- Two locks and two distinct locking mechanisms for each housing
- L3 key lock, LP safety hasp, L50 digital lock or L100 smart lock available
- Drawer banks split in two equal parts, from left to right

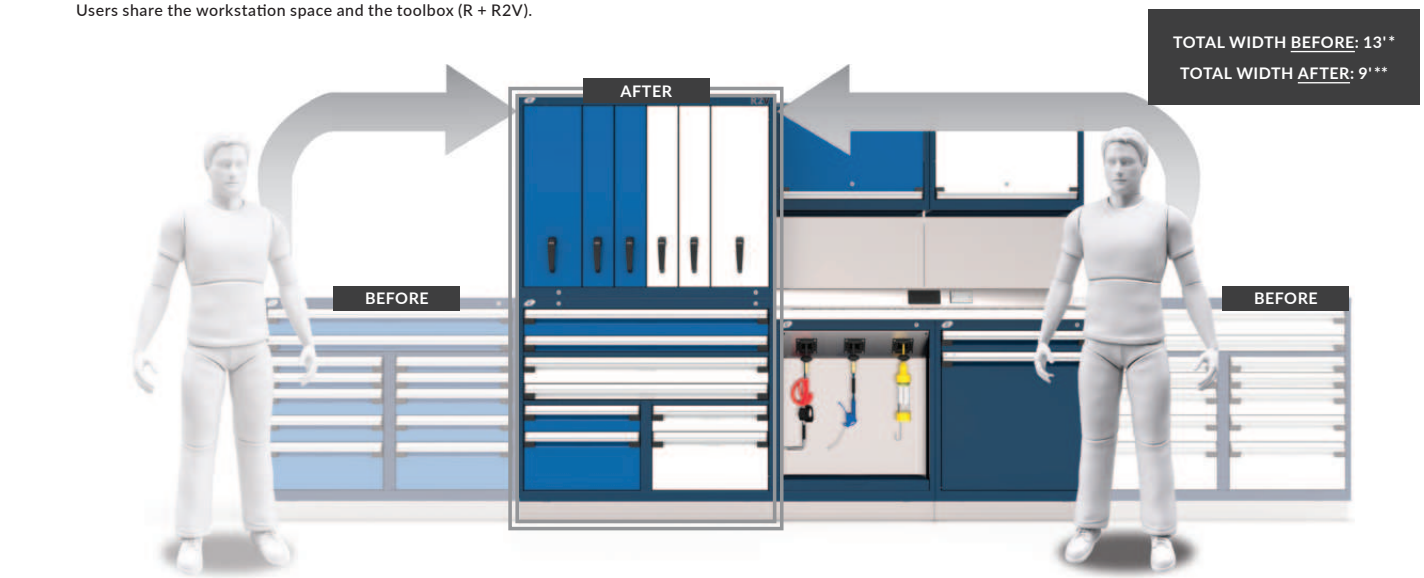

SAME WORK SHIFT

Each user has their own workstation while sharing the toolbox (R + R2V)

DIFFERENT WORK SHIFT

Users share the workstation space and the toolbox (R + R2V).

NOTES: * WITHOUT two-user access ** WITH two-user access
Different colors are only shown to help visualize the access and shared space for two different users.

CABINET FOR TWO USERS

INDIVIDUAL LOCK FOR USER 1 AND 2

L3 LOCK

L50 DIGITAL LOCK

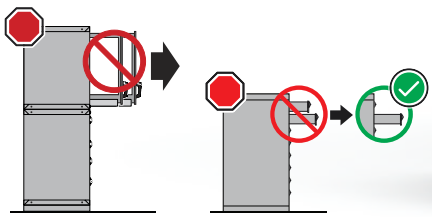

LP SAFETY LOCK

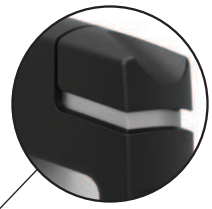

L100 SMART LOCK

ONE-DRAWER-AT-A-TIME SYSTEM (OPTIONAL)

LOCK-IN MECHANISM

Each vertical drawer includes a mechanism to stop the drawer from opening on its own

SECURITY PANELS

HERE ARE SOME PRECONFIGURED MODELS

W× D×H	
48"×27"× 42"	R6KHG-3802S

W× D×H	
48"×27"× 76"	RL-XHG76D002NS

W× D×H	
48"×27"× 76"	RL-XHG76D004NS

FOR CUSTOMIZED MODELS:

R2V VERTICAL HOUSING

- An RL91 security panel must be ordered to separate the drawers

PRODUCT NO.	W×D
RL29-4827__-L3_	48"×27"
RL29-6027__-L3_	60"×27"

NOTES: Complete the product number with the cabinet height: 34" or 38".
For an digital lock, replace L3 with L50.
For a smart lock, replace L3 with L100.
For a One-Drawer-at-a-Time mechanism, add A to the end of product number.

MULTI-DRAWER HOUSING

- RF91 and RF92 security panels must be ordered to separate full-width drawers and banks of drawers

PRODUCT NO.	W×D
RA34-4827__ -L3_	48"×27"
RA34-6027__ -L3_	60"×27"

NOTES: Complete the product number with the cabinet height: 28", 30", 34", 38", 44" or 58". The height excludes the 4"H base.
An RA45 partition and RA46 cross tie must be ordered.
For an digital lock, replace L3 with L50.
For a smart lock, replace L3 with L100.
For a One-Drawer-at-a-Time mechanism, add A to the end of product number.

NOTES: Only the housing needs to be ordered for two users; the drawers and other accessories are the same as single-user access.
Two-user access cannot be added to an RA30, RA35 or RL30 cabinet.
For the ideal height combination to reach 76" or 80" high, see page 56.

Ferrari Maserati Québec (QC)

We know every dealership is unique, which is why we offer a range of reel cabinets that vary according to the number of reels required and where they are placed.

- All our cabinets include a door and/or front panel for easy access and maintenance (optional lock available)
- Removable drip tray included
- Widths: 24", 30", 36" and 48"
- Heights: 30", 38" and 72" (without base)
- 4"H base and quick access panel: painted or stainless steel

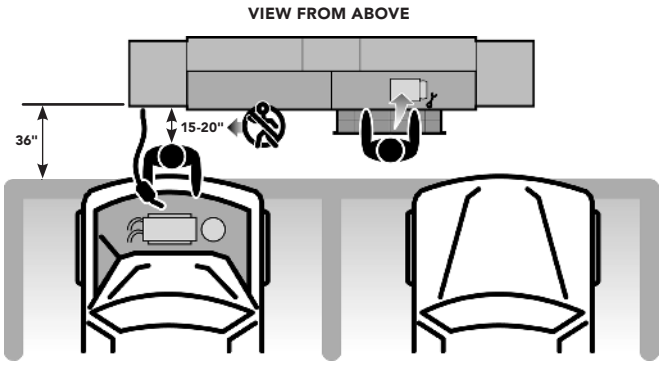

CONSIDERATIONS

Placement of service reels is a very important consideration to achieve the optimal configuration for a technician's workcenter. When reels are to be integrated into the workcenter, we help you determine the best place to store them.

After analyzing technicians' movements between the workcenter and vehicle, we have the following recommendations:

- Place toolboxes near to the technician, under the work surface
- Place reel cabinets in direct line with the automobile, beside the work surface. The reels will therefore not block access to the work surface
- If many different tools are used, we recommend storing the most frequently used tools below the work surface and others in toolboxes at the sides of the work surface

The technician's overall efficiency is increased when there is fast and easy access to tools, and direct and safe access to service reels.

GT-RCG720401S

NOTES: It is your responsibility to check if there are any regulations regarding reel locations in your region.
Reels are not available from Rousseau.

SC REEL CABINETS

GT-REG720601S

Widths available: 24", 30" and 36". The cabinet can store up to six reels.

- Includes a 6"H drawer for meters or other storage and a removable drip tray above the drawer
- Height: 76" (including the 4"H base)
- Can be used in a workcenter or as a standalone unit

GT-RCG720401 _

4" base and quick access panel:
S: Stainless steel
P: Painted steel

NOTE: For a workcenter with a 40"H work surface that includes storage cabinets and finishing panels, we recommend combining the 42"H (including base) reel cabinet with a 38"H toolbox to obtain the same height as the workcenter (80"H).

TRUE VERSATILITY AND FUNCTIONALITY

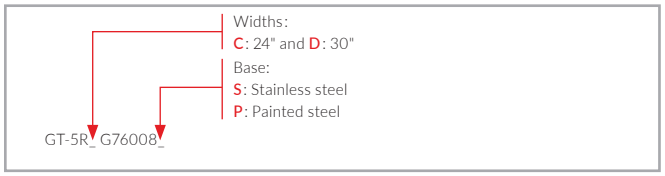

Ferrari Lake Forest (IL)

This is a great solution for your technicians: a unit that can safely store personal belongings as well as an oil barrel, a MultiTek Cart or an L Compact Mobile Cabinet.

- Heights available: 48", 76" and 80".
  Can be used in a workcenter or as a standalone unit
- Two widths available for storage of different items. The 24"W unit can be combined with a MultiTek Cart or L Compact Mobile Cabinet. The 30"W unit can be combined with a MultiTek Cart, oil barrel or L Compact Mobile Cabinet
- Depth: 27"
- An L3 key lock is included with storage units and lockers.
  For an L50 digital lock or an L100 smart lock, please contact Customer Service.
- Leveling glides available, order RA76-03 (pack of 4)

SOME OF OUR MOST POPULAR MODELS ARE SHOWN BELOW:

SLOPED TOP

- Keeps the workspace clean and tidy while reducing clutter
- Fits perfectly into the 5S storage method
- 16° slope angle
- Height: 8"

PRODUCT NO.	W×D
RC31-242708	24"×27"
RC31-302708	30"×27"

DOOR EXTENSION

- Compatible with RD86/RD87 storage cabinet doors
- Provides an immaculate finish
- Available in painted or stainless steel

PRODUCT NO.	W×H
RD__-2404	24"×4"
RD__-3004	30"×4"

NOTE #	
1	MultiTek Carts and L Compact Mobile Cabinets must be ordered separately. The photos on pages 67-69 feature the 37"H MultiTek Cart.
2	Oil barrels are not available from Rousseau. They are only compatible with 30"W cabinets.
3	For storage cabinets with clothes hanging rails, the height of the MultiTek Cart is 33". The MultiTek Cart must be ordered separately.

Prémont Harley-Davidson (QC)

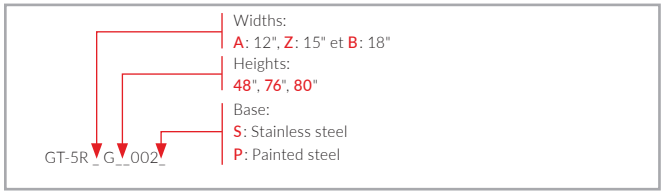

Complexe Volkswagen 440 (QC)

Storage units and lockers are an ideal solution for secure storage of technicians' personal belongings or to provide additional storage space for a neat and organized workspace. They also integrate seamlessly with your workstations.

A wide selection of dimensions and options are available to meet your needs:

- Standard widths: 12", 15" and 18" (15"W and 18"W models will store a motorcycle helmet)
- Depth: 27"
- Heights: 48", 76" and 80" (including the 4"H base)
- Includes hanging zones for installing hooks inside the door
- An L3 key lock is included with storage units and lockers. For an L50 digital lock or an L100 smart lock, please contact Customer Service
- Optional accessories include: leveling glides, shelf dividers, hooks and sloped tops

SOME OF OUR MOST POPULAR MODELS ARE SHOWN BELOW:

STORAGE CABINETS

48"H Storage Cabinet,
2 Adjustable Shelves, Solid Door
GT-5R _ G48001_

76"H or 80"H Storage Cabinet,
4 Adjustable Shelves, Solid Door

A COMPLETE AND INTEGRATED SOLUTION

Honda Queensway (ON)

To perform vehicle repairs and maintenance, technicians need a variety of tools and replacement parts near the vehicle and within easy reach. Every technician has their own way of working, and the requirements of each task can vary considerably between vehicles and between dealerships. The MultiTek Cart's design allows for a high level of personalization based on different work habits and requirements.

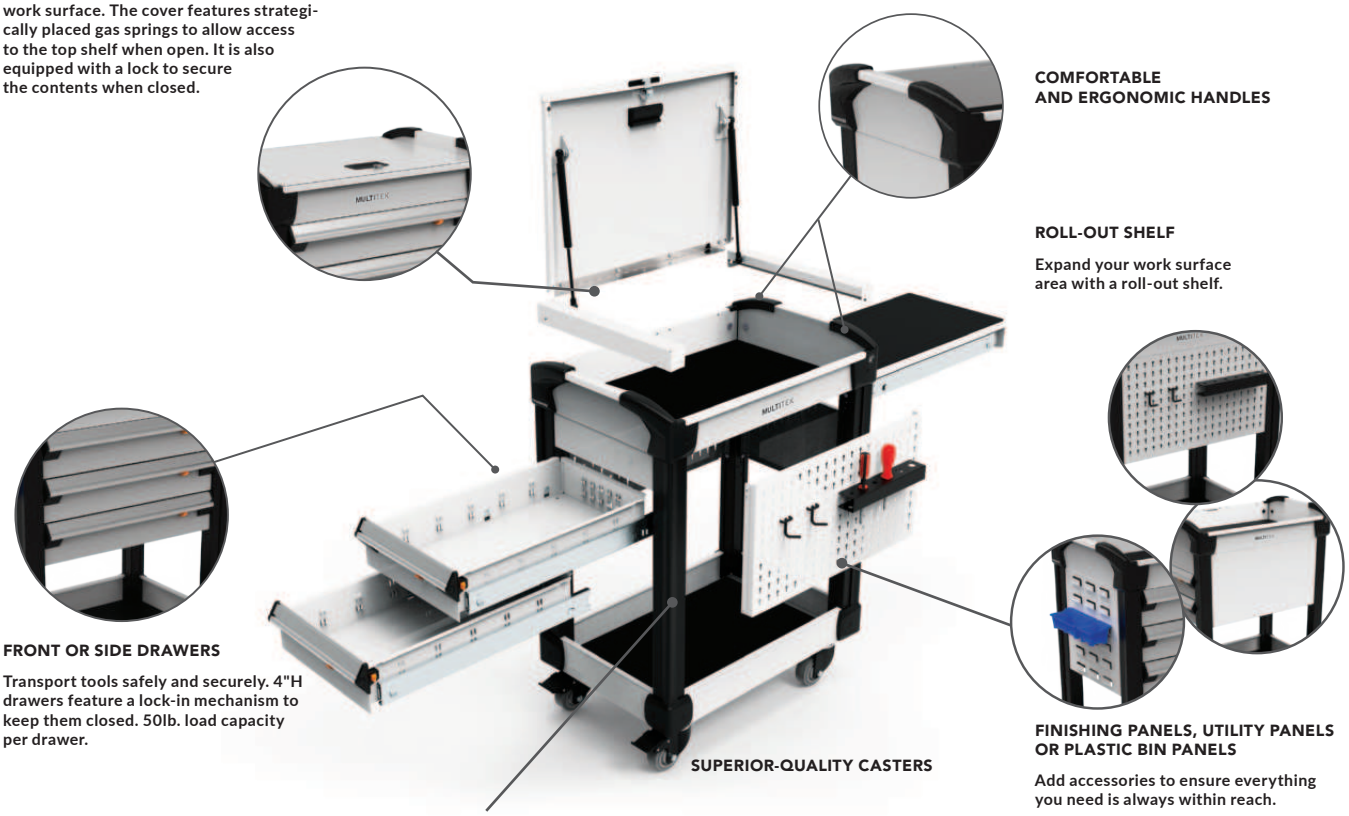

- Minimizes trips back and forth
- Transports tools, original parts and spare parts
- Ensures important tools are within easy reach
- Ergonomic working height
- 36"W × 24"D and 48"W × 24"D models are available on **page 114** in the Parts Department section

DISTINCTIVE FEATURES

2018 WINNER EUROPEAN PRODUCT DESIGN AWARD

LOCKABLE SECURITY COVER

Opens 90° for unrestricted access to the work surface. The cover features strategically placed gas springs to allow access to the top shelf when open. It is also equipped with a lock to secure the contents when closed.

COMFORTABLE AND ERGONOMIC HANDLES

ROLL-OUT SHELF

Expand your work surface area with a roll-out shelf.

FRONT OR SIDE DRAWERS

Transport tools safely and securely. 4"H drawers feature a lock-in mechanism to keep them closed. 50lb. load capacity per drawer.

SUPERIOR-QUALITY CASTERS

UPRIGHT BUMPERS

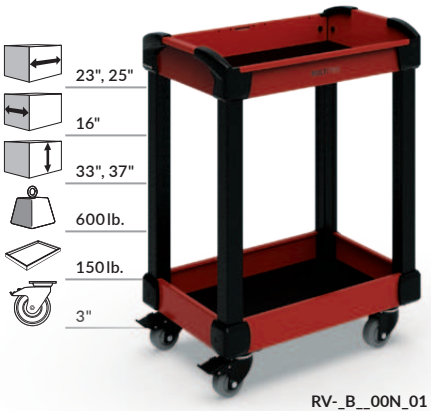

Protect vehicles from accidental bumps.

FINISHING PANELS, UTILITY PANELS OR PLASTIC BIN PANELS

Add accessories to ensure everything you need is always within reach.

Whether you need just one unit or one hundred, our specialists will help you build your ideal configuration.

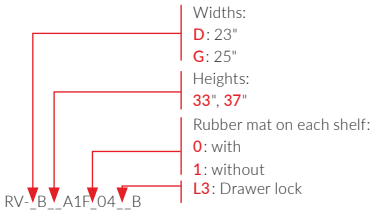

FITS IN STORAGE UNITS AND UNDER WORK SURFACES

RV-_B__00N_01

The 16"D MultiTek Cart is designed to fit underneath the work surface, behind a hideaway door or inside a side storage unit.

- The 33"H MultiTek Cart is compatible with a 36"H workstation; the 37"H cart is compatible with a 40"H workstation and a 24"W or 30"W storage unit
- For a storage cabinet with clothes hanging rail, the 33”H MultiTek Cart must be used
- Only the 23"W version is compatible with RB59/60 and RD81/82 door extensions
- Each shelf can be lined with a rubber mat and has a 150lb. load capacity
- The side roll-out shelf is lined with a rubber mat, has a 15lb. load capacity and provides an extra work surface

NOTES: 1: For this model without a rubber mat, replace the letter C with L.
2: See page 119 for compatible hooks.

SERVICE ADVISOR DESKS

WELCOMING - PROFESSIONAL - MODERN

Oxford Dodge Chrysler (ON)

Rousseau's service advisor desks create a dedicated space for greeting customers. As well as its welcoming and contemporary looks, it has been designed to facilitate all tasks performed by a service advisor.
This includes initial greeting, delivery of keys, explanation of work to be performed, work order planning, car preparation and payment. For all this and more, the service advisor desk excels and impresses both visitors and advisors.

- Spacious work surface including a cable grommet to keep the surface clear
- Work surface and riser shelf have rounded fronts for a distinctive and welcoming look
- Choice of models with or without cabinet (18"W × 27"D × 38"H) to meet the advisor's needs
- Work surface and riser shelf options: stainless steel, gray laminate and wood
- No visible cables
- Sold assembled

SERVICE ADVISOR DESKS

BUILD YOUR OWN

Follow the steps below to order your own customized service advisor desk. By choosing the various options available, you can build a desk that fulfills your requirements and matches your brand image. You can choose the top, finishing panels, and six different widths for both mobile and stationary desks.

1 B: Mobile
D: Stationary
2 Widths:
D: 30", E: 36", G: 42", H: 48", K: 60", L: 72"
3 Top:
5: Laminate, 0: Stainless Steel, 2: Wood
4 Panel:
S: Stainless Steel, P: Painted Steel

Complete the model number on pages 90-92 with the options below.

1 TOPS

MOBILE (B)

- Includes 2" casters for moving the desk easily when required
- Four casters are included for desks with two legs
- Six casters are included for models with one leg and a cabinet

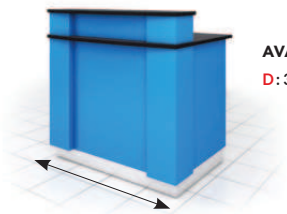

NOTE: Side-by-side desks and offset desks cannot be mobile.

STATIONARY (D)

- The stainless steel bases include leveling glides for easy leveling
- Includes four leveling glides, except the 60"W and 72"W versions with cabinet, which include five
- Side-by-side and offset configurations are possible by adding desk joining kit RP-K001S

2 WIDTHS

AVAILABLE WIDTHS:
D: 30", E: 36", G: 42", H: 48", K: 60", L: 72"

3 TOPS

Tops and riser shelves have rounded corners (visitor side).

STAINLESS STEEL (0)

GRAY LAMINATE (5)

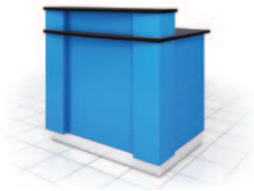

WOOD (2)

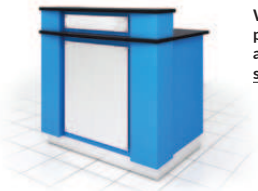

4 PANEL CHOICE AND COLORS

NO PANEL

NOTE: No code to add. Base models come without a panel.

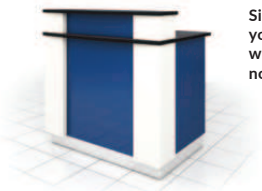

WITH PAINTED (P) OR STAINLESS (S) STEEL PANEL

With this option, you can personalize your desk by adding a logo or name, see page 94.

NOTE: Not available for the 30"W version.

FOR DUOTONE

Simply specify your chosen colors when ordering. There is no code to add.

5 ACCESSORIES

See page 93

To join two or more service advisor desks together, side by side or offset, please order desk joining kit RP-K001S, see page 92.

NOTE: Side-by-side desks and offset desks cannot be mobile.

PERSONALIZED PANELS

STAND OUT FROM THE COMPETITION!

Oxford Dodge Chrysler (ON)

Rousseau offers a personalization service for painted or stainless steel panels installed on GT workstations, service advisor desks and corner service counters.

Panels can be personalized with a logo, a name or even a slogan. Personalization is performed using digital printing with UV ink. It is a highly durable process that creates an immaculate finish and is easy to clean.

- Endless color possibilities
- For maximum impact, the design is always centered (vertically and horizontally)
- Existing panels can be replaced with new personalized panels

SEVERAL OPTIONS AVAILABLE

Digital printing with UV ink

Mirror finish to simulate a chrome finish

AVAILABLE FOR:

GT WORKSTATIONS

Painted: RS99 + RZ99-43

PARTS DEPARTMENT

A COMPLETE SOLUTION

We have been the experts in workspace storage and organization for over 75 years. In this time we have developed industry-leading expertise in parts department installations. You can therefore rest assured that all our products fulfill the strictest requirements for any dealership. All our products are designed, manufactured and rigorously tested in North America to meet the highest standards of engineering and quality.

The strength of our system is that it adapts to your environment and evolves with your needs. With the wide range of sizes and accessories available, you can create your own layouts and configurations to complement the installations you already have in place.

SERVICE COUNTERS

With our service counters, you can provide rapid, efficient and secure service to your customers. These workspaces can be fully personalized to ensure your most used items are always within easy reach. Placed exactly where you need it, your service counter will be an indispensable addition to your parts department.

Our products are customized to integrate into your unique environment and the space you have available. From corner workstations to counter cabinets, our scalable service counters offer the perfect blend of aesthetics and ergonomics, **see pages 116-117**.

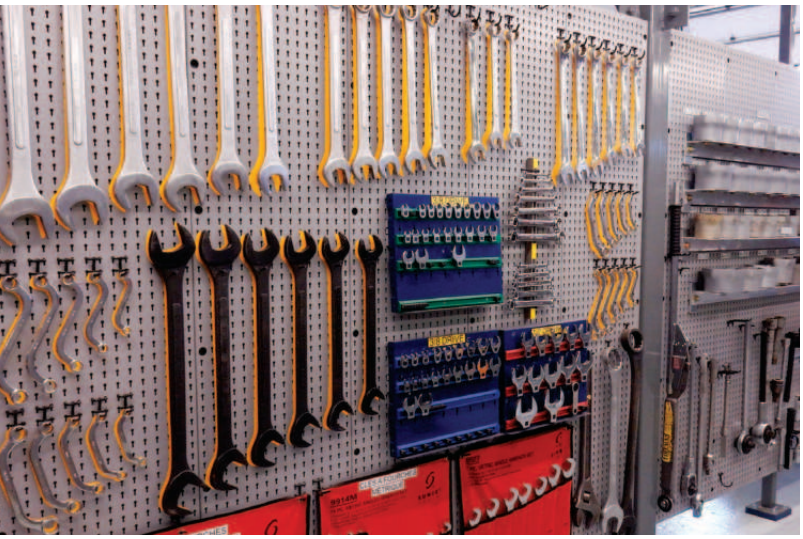

PARTS DEPARTMENT

SPECIALIZED STORAGE

With our storage solutions, your parts are stored to make them easy to handle and completely secure. With racks available for any requirement, there's dedicated storage for every part: moldings, bumpers, exhaust pipes, tires, etc. Our specialists will also support you throughout the process, so you can take full advantage of everything our specialized storage has to offer.

By choosing our solutions, you ensure your parts department is optimally organized, and your inventory management is as efficient as possible, **see pages 106-109**.

5S STORAGE

Rousseau's various storage solutions can be used to apply the Japanese 5S method. We have a range of products specially designed to optimize organization of your work area by assigning a specific place for each item. From hooks to tool holders to adhesive identification labels, everything has been designed to create a safe environment that facilitates inventory management and helps your staff to move around and work efficiently, **see pages 118-121**.

MULTITEK CART

When parts are located far away from the service counter, the MultiTek Cart is your best friend. It offers a safe and secure way to rapidly transport parts of different sizes from A to B.

Built for heavy-duty tasks, the premium-quality MultiTek Cart is available in various dimensions and can be equipped with a range of accessories, which makes it incredibly versatile and perfectly adapted to automotive dealership environments. And by adding shelves with a 150lb. load capacity, you can transport more items in one go, saving you precious time and energy, **see page 114**.

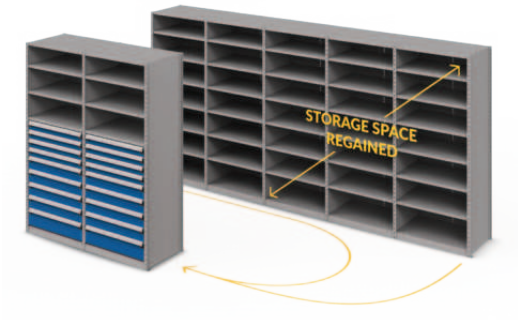

DRAWERS FOR SHELVING

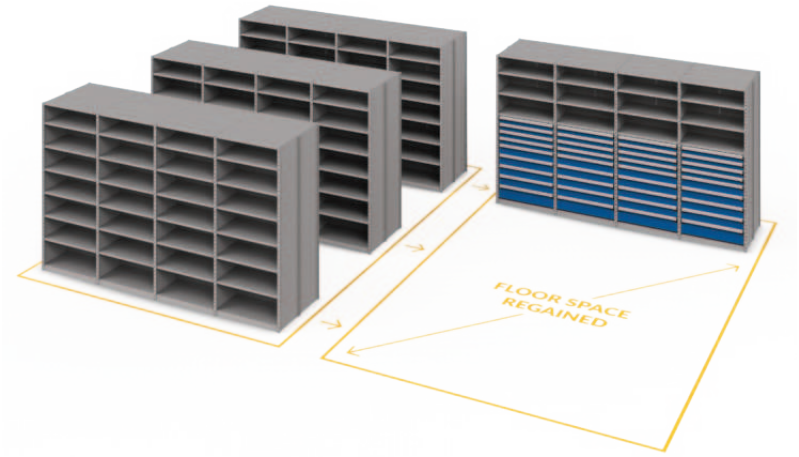

By adding drawers to your shelving, you can recover 50% to 70% of your floor space. This can help you reduce the size of your parts department, leaving more room available for money-making departments like the service department or showroom. And with our drawer subdividing and labeling accessories, it's also much easier and quicker to locate the parts you need, saving you time and effort. Great savings that will surpass your expectations!

MAIN BENEFITS:

- More parts stored in the same space
- Less time spent searching for parts
- Less time spent by your mechanics waiting at the service counter
- More time for vehicle maintenance
- More time for your customers

Rousseau drawers add value to your existing equipment. They can be installed in more than 35 brands of shelving on the market, see page 100.

GUARANTEED EFFICIENT SPACE USE

CURRENT SITUATION

1 Top and bottom shelves are not properly filled and hard to access

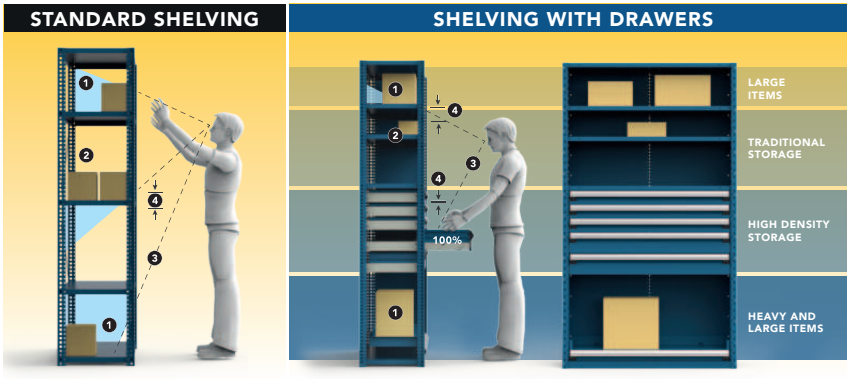

2 Backs of shelves are poorly lit

3 Shelves obstruct line of sight for stored items

4 Huge amount of unused space between shelves

RESULT

An inefficient system that makes finding items and managing inventory a laborious task

OUR RECOMMANDATIONS

1 Widely spaced shelves for storage of larger items

2 Close-set shelves positioned at eye level

3 Drawers that open to full extension for easily locating objects

4 Optimized use of space based on the size of stored items

RESULT

An organized and efficient storage system that enables easier inventory management

SMALL AND MEDIUM-SIZED PARTS STORAGE

MUCH MORE THAN A SIMPLE SHELVING UNIT

Our Spider® Shelving system is perfect for day-to-day parts, special orders and parts you need to keep in stock for warranties. It's the most versatile and complete solution of its type on the market! Thanks to its unique design, it is extremely easy to configure and add accessories.

- The only system that allows you to alternate shelves (medium-sized parts) and steel decking (large parts)
- Our common post reduces the number of posts needed by 25%, leaving more space for storage
- When planning tomorrow's needs today, make Spider® Shelving the heart of your multi-level shelving system, see pages 112-113

SMALL AND MEDIUM-SIZED PARTS STORAGE

SHELVING ACCESSORIES

With our shelving accessories, you can make use of all available space while resolving your storage challenges. The unique shape of the Spider® post is a Rousseau Metal Inc. trademark.

Cut back on wasted time and materials. Each item is stored in its proper place, clearly labeled and easy to locate.
See pages 118-121 for a range of Rousseau accessories that help you integrate the 5S methodology into the storage solution of your dealership's parts department.

UTILITY PANELS FEATURES

- Compatible with light-duty and heavy-duty hooks (WM9F/WM9G/WM9H/WM9J/WM9A and WM9B)
- Compatible with plastic bin rails (WM9C), can holders (WM9D), tool holders (WM9L/WM9N/WM9M/WM9Q) and tiltable shelves (WM21)
- The holes are spaced 1" apart c/c, which provides many options for hook placement

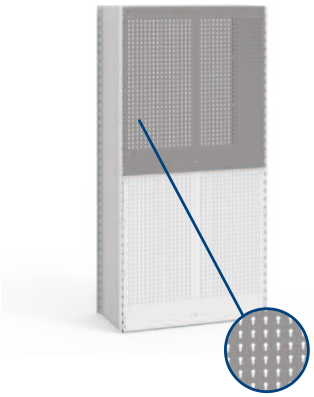

FULL HEIGHT UTILITY PANEL

- With the side utility panel you can make the most of unused space at the end of aisles.

PRODUCT NO.	D×H
SH69-1875	18"×75"
SH69-1887	18"×87"
SH69-2475	24"×75"
SH69-2487	24"×87"

BACK UTILITY PANEL

- Use the space on the back of shelving units with this panel.
- Two versions available: retrofit (SR79) or structural (SH79)

PRODUCT NO.	W×H
S_79-3639	36"×39"
S_79-3651	36"×51"
S_79-4839	48"×39"
S_79-4851	48"×51"

NOTE: Add R to the product number for retrofit or H for structural.

FINISHING PANEL

- Finishing panel for end-of-aisle shelving units
- Quick and easy hook-on assembly
- Creates a neater appearance
- Compatible with certain multi-level shelving applications. Contact Customer Service for more information

PRODUCT NO.	HEIGHT
SH37-__075	75"
SH37-__087	87"

NOTE: Complete the product number with the depth required: 18" or 24".

BACK OR SIDE PLASTIC BIN PANEL

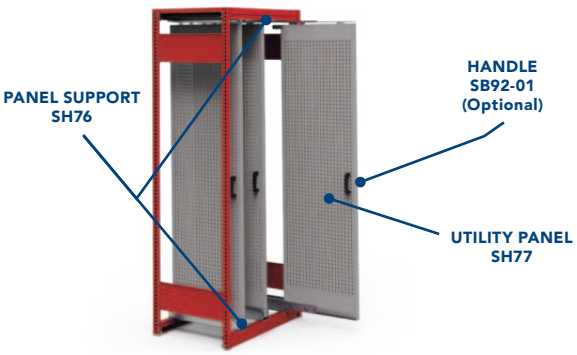

- Make the most of the space available on the sides or inside of your shelving to store small parts close by
- Compatible with RG20 plastic bins and all brands of plastic bins with hanging lip on the market

SMALL AND MEDIUM-SIZED PARTS STORAGE

SOLID DOORS WITH FRAME

SRE3205

- Designed for shelving with or without drawers, Rousseau doors store equipment safely and protect it from dirt
- Ideal for expensive parts, such as car radios
- Doors open 180° with a locking mechanism integrated into the handle

SH41-_____

Widths:
36", 48"
Heights:
39", 41", 51", 53", 63", 75", 87", 99"
Type of lock:
L3: For a key lock
L50: For an digital door lock
L100: For a smart lock

POLYCARBONATE DOORS WITH FRAME

SRE3204

- Designed for shelving with or without drawers, Rousseau doors store equipment safely and protect it from dirt
- Ideal for expensive parts, such as promotional items
- Polycarbonate panels ensure contents are visible
- Excellent impact resistance
- Doors open 180° with a locking mechanism integrated into the handle

SH43-_____

Widths:
36", 48"
Heights:
39", 41", 51", 53", 63", 75", 87", 99"
Type of lock:
L3: For a key lock
L50: For an digital door lock
L100: For a smart lock

STACKED SOLID DOORS WITH FRAME

R5SEE-871813

- These doors install in the top part of Spider® Shelving over a bank of drawers without obstructing them
- Ideal for storage and keeping work areas tidy
- Ideal for storing expensive parts or slow-moving inventory
- Doors open fully on 180° hinges, allowing shelving contents to be visible and easily accessible
- The sturdy handle includes a lock
- See technical guide S64 for all available dimensions

STACKED POLYCARBONATE DOORS WITH FRAME

R5SEE-871815

- These doors install in the top part of Spider® Shelving over a bank of drawers without obstructing them
- Ideal for storage and keeping work areas tidy
- The polycarbonate panels ensure shelving contents are visible and have excellent impact resistance
- Ideal for storing expensive parts or slow-moving inventory
- Doors open fully on 180° hinges, allowing shelving contents to be visible and easily accessible
- The sturdy handle includes a lock
- See technical guide S64 for all available dimensions

Refer to technical guide S64 Spider® Shelving Doors - Layouts and Dimensions for recommended configurations and all possible combinations.

DISTINCTIVE FEATURES

Door opens by turning handle to the left or right.

Door closes with a simple push.

L50 Digital Lock and L100 Smart Lock: easier management of door access permissions.

R5SEE-871807

R5SEE-871811

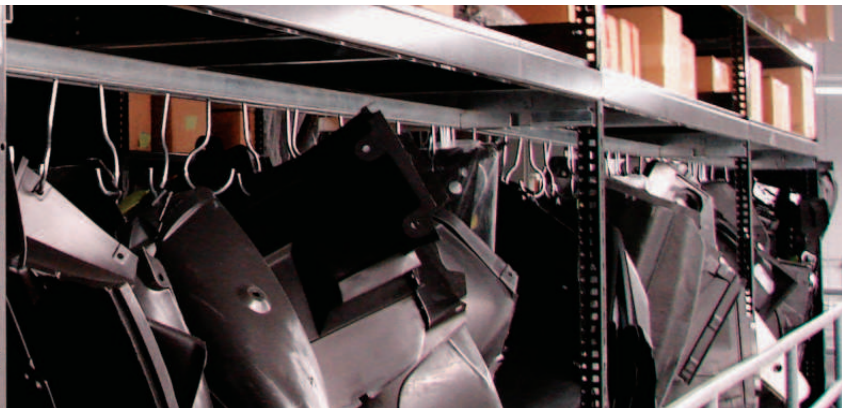

SPECIALIZED STORAGE

A SOLUTION FOR EVERY NEED

What's the best way to store mufflers, bumpers, bodywork parts, batteries, tires and other items with unique shapes and sizes? The solution is simple: Rousseau specialized storage racks. These racks are the perfect way to make your parts department both efficient and tidy.

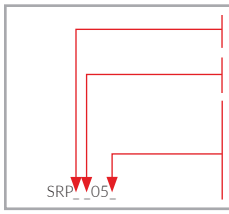

HANGING RACK FOR ASSORTED PARTS

SRP0404

48"×24"	5	S_ _ _C-HE_ _0105

The panel support must be anchored to the ground to ensure stability

BATTERY RACK

SRP0490

- The battery shelves are sloped 10° for easier battery rotation (first in, first out)
- Slick black polyester paint helps the batteries to slide smoothly. The paint is also resistant to sulfuric acid
- Each level has a stop at the front and two guides on the sides to prevent batteries from falling accidentally
- The stopper plate makes it easier to grip batteries by creating more room for fingers. Adjustment possible to cater to batteries of different widths (motorcycle, car, heavy truck, etc.)
- 87"H models also include one steel decking level

48"×48"×87"	4	SRP0493_

NOTE: For an add-on unit, add A to the product number. For a mobile rack, add M to the product number.
The mobile version offers a capacity of 3300 lbs per base.

KEY CUTTING STATION

- This unit makes cutting keys easy by ensuring everything is within easy reach.
- 1 roll-out shelf, 100% extension to accommodate the cutting machine
- 2 drawers (3"H) for storing keys and small parts
- 4 steel shelves for storing larger items

W×D×H	PRODUCT NO.
36"×24"×87"	R5SEE-871202

RECORD STORAGE SYSTEM

- Save between 10% and 15% of shelving space compared to similar products on the market.
- Designed to accommodate all popular sizes of record storage boxes
- Capacity: up to 80 boxes
- Shelving and Mini-Racking units are available in many dimensions. Contact our specialists for more information

LARGE PARTS STORAGE

MINI-RACKING FOR LARGE PARTS

SRP0286

Mini-Racking is designed for storing large and heavy parts. With a wide choice of dimensions and decks, you can configure the units to fully meet your specific requirements.

There are three options available: steel decking, wire-mesh decking and wood decking.

MINI-RACKING WITH CHOICE OF DECKING

STEEL

To order a unit with steel decking, add S to the product number.

SRB5127S

SRE5127S

WIRE MESH

To order a unit with wire-mesh shelves, add W to the product number. Available for 48"W, 60"W, 72"W and 96"W units and 24"D, 36"D and 48"D.

SRB5127W

SRE5127W

WOOD

To order a unit without decking (e.g., for use with wood decking), leave the product number as is.

SRB5127

SRE5127

HOW TO ORDER

When ordering, model numbers must be completed as follows:

Uprights	Starter unit	Add-on unit
Bolted	D	A
Welded	E	B

e.g., SR_5001_

Type:
S: Steel decking
W: Wire-mesh decking
blank: Without decking

e.g., SRD5001S

For a starter unit (48"W × 18"D × 75"H) with bolted uprights and steel decking

NOTES: Steel decking has a greater load capacity than wood.

Wire-mesh decking reduces fire risk.

Wood panels are not available from Rousseau.

MOBILE MINI-RACKING FOR LARGE PARTS

SRE4545SM

Mobile Mini-Racking is designed to moving parts, tools, and other large and heavy items.

There are three options available: steel decking, wire-mesh decking and no decking.

- The preconfigured models in this section include a mobile base for Mini Racking and four 4" casters, including two swivel casters with total-lock brakes and two rigid casters
- Models with a 36"D or 48"D base include a mobile Mini-Racking handle
- Load capacity: 1000lb. per base
- All preconfigured models are quick and easy to assemble and can be disassembled when not in use

MOBILE MINI-RACKING WITH CHOICE OF DECKING

STEEL

To order a unit with steel decking, add S to the product number.

SRE4515SM

WIRE MESH

To order a unit with wire mesh decking, add W to the product number.

Not compatible with 18"D units.

SRE4515WM

WOOD

To order a unit without decking (e.g., for use with wood decking), leave the product number as is.

SRE4515M

HOW TO ORDER

When ordering, model numbers must be completed as follows:

e.g., SR_4515_M

Uprights:
D: Bolted
E: Welded

Type:
S: Steel decking
W: Wire-mesh decking
blank: Without decking

e.g., SRE4515SM

For a 36"D × 75"H unit with welded uprights, steel decking, and a 60"W × 36"D mobile base with 4" casters

NOTES: Steel decking has a greater load capacity than wood.
Wire-mesh decking reduces fire risk.
Wood panels are not available from Rousseau.

MULTI-LEVEL SHELVING SYSTEM

NOT ENOUGH SPACE?

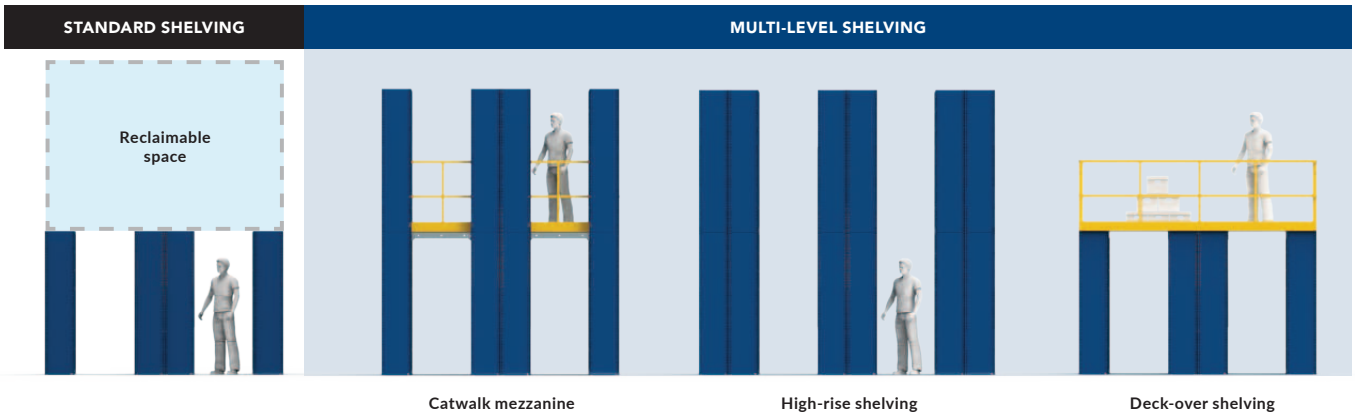

BEFORE YOU EMBARK ON AN EXPANSION PROJECT, CONSIDER ROUSSEAU MULTI-LEVEL SHELVING

Our specialists will suggest solutions to work around all your building's obstacles: beams, columns, doors, air ducts, building structure, sprinklers, etc.

Our system maximizes your storage potential by combining shelving (with or without drawers), Mini Racking and specialized storage (tire racks, battery racks, etc.).

MULTI-LEVEL SHELVING SYSTEM

EXPERTISE THAT LEAVES NOTHING TO CHANCE

Multi-level shelving systems are subject to standards and recommendations in earthquake-prone regions.

The Rousseau team is available to help you work out what shelving and sway bracing you need to complete your multi-level shelving project.

Call us to speak with our experts. They will evaluate your requirements and suggest a system that meets your needs.

USE THE SECOND LEVEL TO STORE LARGER PARTS AND SPECIALIZED PARTS, **SEE PAGES 106-111**.

OUR ACCESSORIES ARE PERFECT FOR STORING SMALL AND MEDIUM-SIZED PARTS, **SEE PAGES 98-105** AND **PAGES 119-121**.

MULTITEK CART – MATERIAL HANDLING

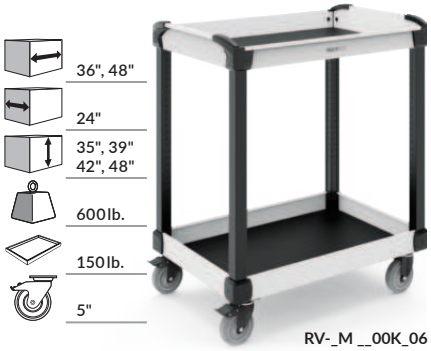

ERGONOMIC AND VERSATILE

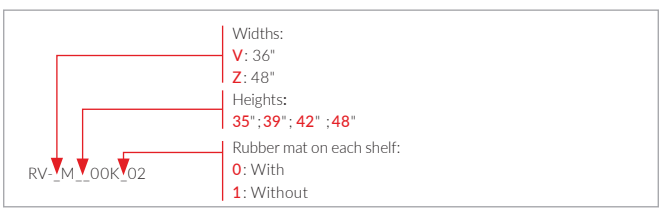

The MultiTek Cart is ideal for transporting large parts. You will find it quickly becomes indispensable in your parts department.

- Each shelf can be lined with a rubber mat
- Each shelf has a load capacity of 150lb. for a maximum of 600lb. per cart

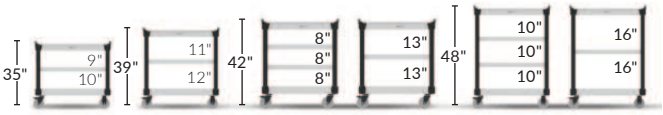

You can find other preconfigured models (dimensions and accessories), see pages 73-79.

RV-_M __00K_06
(Note 3)

NOTES 1: For compatible hooks, see page 119.
2: Only available for 42"H and 48"H carts.
3: Sold unassembled.

OPTIMIZE YOUR WORKSPACE

To help you optimize your work area, Rousseau offers workstations tailored to your needs. Whether you are looking for a basic workbench or more extensive storage options over and under the work surface, we have many options available. And with a wide range of accessories to choose from, there is a near limitless number of layouts and configurations possible.

Heavy duty and meticulously designed, our workstations meet the strictest standards of quality and functionality. You will love their versatility and the value they add for specific tasks, including computer work, key copying, packaging, shipping, and much more.

BASIC WORKBENCH

- A high-quality bench available in multiple dimensions and with a choice of work tops

TYPE OF TOP	W×D×H 60"×30"×34"	72"×30"×34"	72"×36"×34"
Painted Steel	WS_1031	WS_1035	WS_1039

PACKING AND SHIPPING WORKSTATION

- For efficient preparation of orders to be shipped
- The spool support under the bench keeps your workspace clear

W×D×H	PRODUCT NO.
60"×30"×80"	WEM0006

RECEIVING WORKSTATION AND INVENTORY CONTROL

- For efficient inspection of merchandise upon arrival
- Includes a steel shelf under the work surface
- The riser shelf includes one standard support and one support with three 15A power outlets and two USB ports

W×D×H	PRODUCT NO.
60"×30"×50"	WSA2006

SERVICE COUNTERS

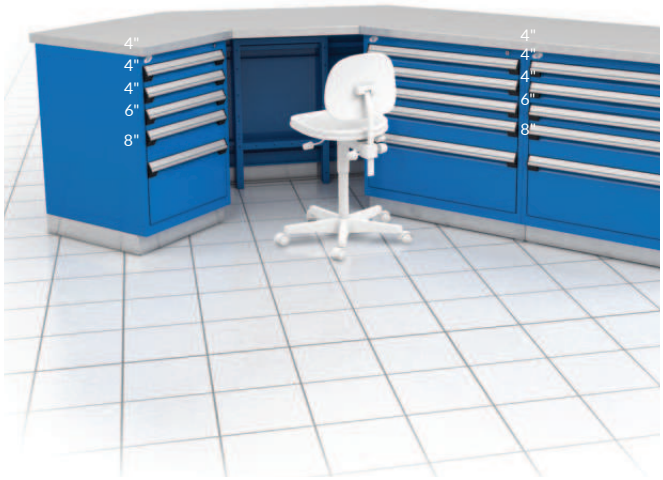

OPTIMIZE YOUR SERVICE

To provide rapid and efficient service to your internal and external customers, make sure you have high-turnover parts to hand, i.e., directly at the service counter!

Adding drawers under the work surface provides high-density storage. This means you can access more parts without having to move. We also recommend combining shelves and drawers to maximize storage efficiency of parts with a high turnover.

Rousseau service counters have been designed to be welcoming for your customers while also providing an efficient and ergonomic workspace. You will love the distinctive look of our new corner service counters. With an attractive finish and the option to personalize stainless steel front panels, you can proudly display your logo and highlight your brand image. See **page 94** for more details.

CORNER SERVICE COUNTER, CONFIGURATION 1830: 15 DRAWERS

This counter allows you to keep high-turnover parts within arm's reach. With a 24"W leg space, it's easy to work at the counter or store a chair underneath as needed.

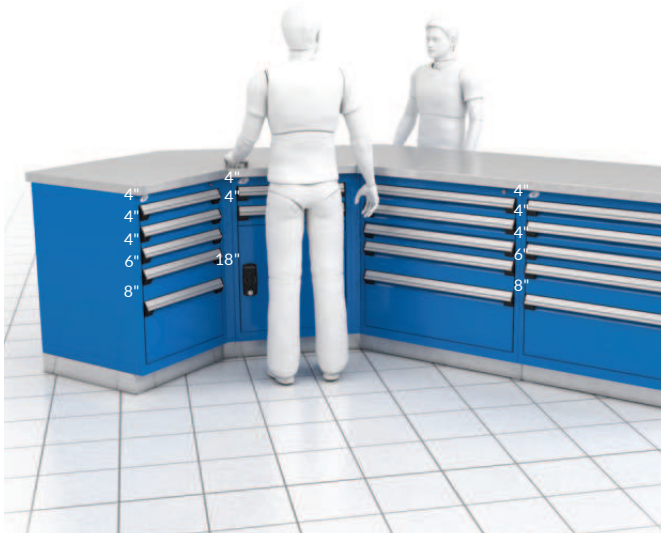

- Left bank (24"W)
- Middle bank (24"W)
- Right bank (2×36"W)

	STAINLESS STEEL	PAINTED STEEL
30"×36"	RS-C096S	RS-C096P

MIDDLE SECTION ONLY, INCLUDING THE CORNER TOP

STAINLESS STEEL	PAINTED STEEL
RS-J183034205	RS-J18303420P

CORNER SERVICE COUNTER, CONFIGURATION 1830: 17 DRAWERS, 1 SHELF

With multiple drawers of different dimensions and a secure storage space with door, you can store high-demand parts whatever their size and shape.

- Left bank (24"W)
- Middle bank (24"W)
- Right bank (2×36"W)

	STAINLESS STEEL	PAINTED STEEL
30"×36"	RS-C094S	RS-C094P

MIDDLE SECTION ONLY, INCLUDING THE CORNER TOP

STAINLESS STEEL	PAINTED STEEL
RS-J18303418S	RS-J18303418P

NOTES: The corner workstation must be anchored to two cabinets of the same height and depth, one on each side (RA30 or RA35).
Our corner service counters are available in configurations 0030, 0630, 1230 and 1830. Please contact Customer Service for more details.

R5XSE-100_

Tops:
1: No Top
2: Stainless Steel
3: Painted Steel
4: Laminated Wood
5: Plastic Laminated
6: Acrylic/PVC

NOTES: Complete the product number with the type of top required.
Comes with painted bases, except models with stainless steel tops will include stainless bases.

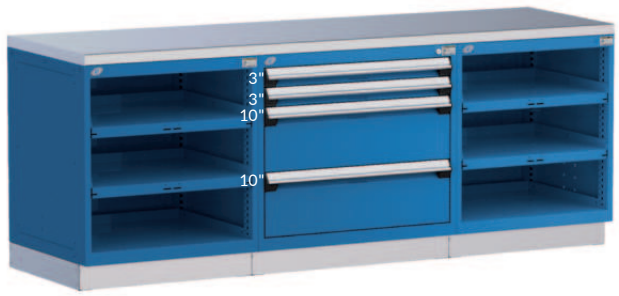

COUNTER CABINETS: 1 DRAWER, 3 SHELVES AND 2 ROLL-OUT SHELVES

With two roll-out shelves, this service counter is ideal for handling and storing heavy parts. The drawer with lock is also very useful for storing valuable items or even inserting a cash drawer.

- 1 left bank, 36"W (R5AEE-3404)
- 1 right bank, 36"W (R5AEE-3402), 2 roll-out shelves

W×D×H	PRODUCT NO.
72"×24"×40"	R5XLE-110_

COUNTER CABINETS: 4 DRAWERS, 6 SHELVES

This counter is perfect for storing small items and parts. It also includes several drawers and shelves to provide even more versatile storage options.

- 1 left and 1 right bank, 24"W (R5ADE-3004)
- 1 middle bank, 36"W (R5AEE-3020)

W×D×H	PRODUCT NO.
96"×24"×36"	R5XRE-120_

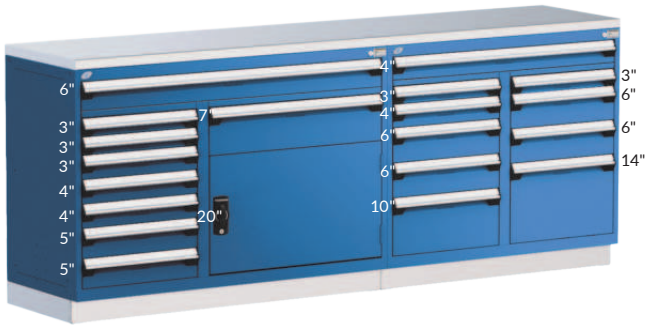

COUNTER CABINETS: 14 DRAWERS, 3 SHELVES

This counter is an ideal addition to your parts department for storing small to medium-sized parts while also serving as a customer service counter.

- 1 left bank, 36"W (R5AEE-3816)
- 1 middle bank, 36"W (R5AEE-3818)
- 1 right bank, 36"W (R5AEE-3820)

108"×24"×44"	R5XSE-100_

COUNTER CABINETS: 19 DRAWERS, 1 DOOR

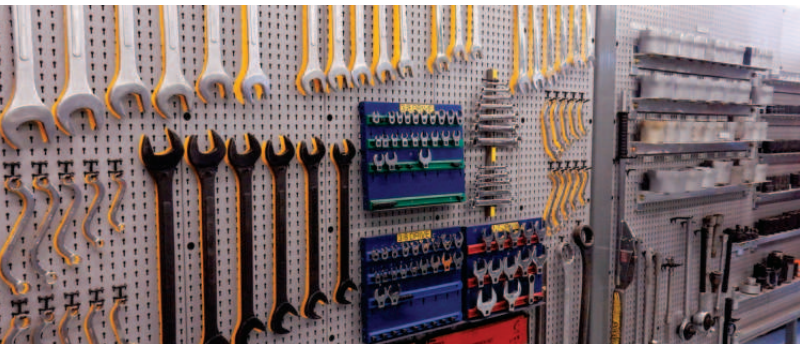

This service counter has been designed to satisfy all your storage needs for high-volume parts, while providing a counter to serve your customers.

- 1 left bank, 60"W (R5KKE-3816)
- 1 right bank, 48"W (R5KHE-3820)

W×D×H	PRODUCT NO.
108"×24"×44"	R5XSE-120_

5S STORAGE

EFFICIENT WORKSPACE ORGANIZATION

The Japanese 5S method focuses on sorting, straightening or setting in order, sweeping or shining, standardizing and sustaining the practice. This method ensures that the various tools and parts are stored according to their purpose and the frequency with which they are used, in a manner that is clear and well identified. Each item has its place, which reduces wasted time and lost items. With this method, the work environment is standardized so as to ensure the best organization possible while enhancing working conditions and team morale. Moreover, this means that less time and money are wasted. Here are several Rousseau accessories that will enable you to integrate the 5S method for lean manufacturing in the storage solution for the parts department of your automobile dealership.

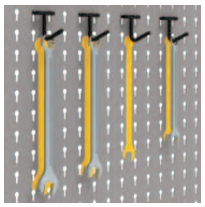

WALL-MOUNTED UTILITY PANEL — WM57 / WM5B

- Painted steel utility panel: WM57
- Stainless steel utility panel: WM5B
- For storing small- and medium-sized tools with visual identification close to the user or in a store
- Completely flat surface for easy visual identification with photos, P-touch, stickers or WM91 vinyl decals
- The panels overlap to anchor in the same anchoring zones
- Two widths available: 16" (16 holes) and 24" (24 holes)
- The installation hardware is between two panels for easy assembly
- 16"W: Vertical installation and conforms with architectural standards with uprights spaced 16" c/c
- Compatible with WM9F, WM9G, WM9H, WM9J and WM9L light-duty hooks, and WM9A and WM9B heavy-duty hooks
- Compatible with WM9C bin rails, WM9D can holders, WM9M and WM9N hooks, WM9Q tool holders, WM9P spool and roll holders, WM9R hammers support, WM9S document holder, and EA28 and WM21 shelves, **see page 119**
- To order: Specify the height required: 18", 24", 36", 48" or 72"

PRODUCT NO.	FINISH	WIDTH
WM57-16__	Painted Steel	16"
WM57-24__	Painted Steel	24"
WM5B-16__	Stainless Steel	16"
WM5B-24__	Stainless Steel	24"

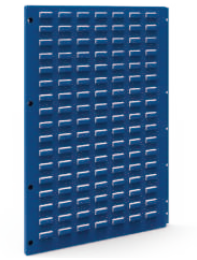

VINYL RUB-ON IDENTIFICATION DECAL — WM91

- For easy identification of where tools should be stored on utility panels
- Contrasting color so it is easy to notice when a tool is missing and what kind of tool it is
- Ideal for 5S method tool management
- Sold in rolls of 2'W x 8'L

PRODUCT NO.
WM91-01J

WALL-MOUNTED PLASTIC BIN PANEL — WM5C

- Holds RG20 plastic bins, **see page 121**
- Compatible with all commercially available brands of plastic bins with a hanging lip
- Quick and easy installation
- The panels overlap to anchor in the same anchoring zones
- Two widths available: 16" and 24"
- 16"W: Vertical installation and conforms with architectural standards with uprights spaced 16" c/c
- To order: Specify the height required: 18", 24", 36", 48" or 72"

PRODUCT NO.	WIDTH
WM5C-16__	16"
WM5C-24__	24"

FINISHING PANEL — WM58 / WM5D

- Painted steel panel: WM58
- Stainless steel panel: WM5D
- Finishing panel for the end of a wall panel layout
- Quick and easy installation
- Creates a neater appearance
- To order: Specify the type of steel required, e.g., WM58-36

PRODUCT NO.	HEIGHT
WM__-18	18"
WM__-24	24"
WM__-36	36"
WM__-48	48"
WM__-72	72"

NOTE: Compatible with a wall panel of the same height, e.g., WM58-36 is only compatible with WM57-1636.

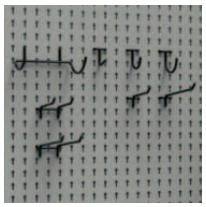

MAGNETIC DIVIDER

- Supports and separates items stored in can holders
- Includes a magnetic strip for easy repositioning

PRODUCT NO.	HEIGHT
WM9T-01	4"

LIGHT-DUTY HOOKS

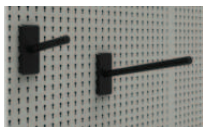

- Our hooks can be used to store many different parts, tools and accessories
- They are compatible with Rousseau utility panels as well as other panels currently available on the market (¼" dia. holes)
- Also compatible with the wall-mounted panel system
- Color: black

PRODUCT NO.	TYPE (QTY)	DIMENSIONS
WM9F-150	Straight Arm Hooks (20)	1 ½"D
WM9G-150	Single Loop Hooks (20)	1 ½" dia.
WM9G-200	Single Loop Hooks (20)	2" dia.
WM9H-03	Double Back Single Hooks (10)	3"D
WM9H-05	Double Back Single Hooks (10)	5"D
WM9J-03	Double Back Double Hooks (10)	3"D

WM9M-01	Pliers Holder (1)	9"W×2 ½"D×2"H

HEAVY-DUTY HOOKS

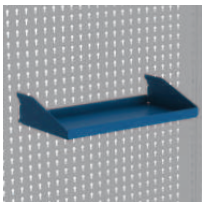

- Our hooks can be used to store many different parts and tools
- Load capacity: 50lb.
- Square and round versions available
- Color: black

PRODUCT NO.	TYPE OF HOOK
WM9A-__	Square
WM9B-__	Round

NOTE: To order, specify the required length: 03", 06", 09".

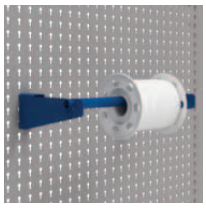

LIGHTWEIGHT SHELF EA28

- Hooks onto utility panels WM57, WM5B, SH67, SH68, SH69, SH77, SH79, SR79, RC02, RC93, RC94 and EP12
- Allows the storage of small items
- Equipped with 1" front and rear edges to prevent items from falling
- Capacity: 10 lb

PRODUCT NO.	W×D
EA28-1508	15"×8"

WIRE SPOOL AND ROLL HOLDER WM9P

- Hooks onto utility panels (WM57, WM5B, SH67, SH68, SH69, SH77, SH79, SR79, RC02, RC93 and RC94)
- Ideal for wire spools or paper towel rolls
- Tube diameter: ¾"
- Load capacity: 50lb.

PRODUCT NO.	WIDTH	NO. OF HOLES
WM9P-0901	9"	10

WM9P-2601	26"	27

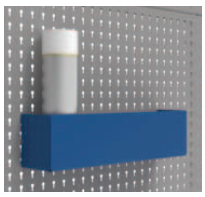

DOCUMENT HOLDER WM9S

- Hooks onto utility panels WM57, WM5B, SH67, SH68, SH69, SH77, SH79, SR79, RC02, RC93, RC94 and EP12
- 10° angle on the front face compared to vertical
- Front face lower than back to assist in identifying documents
- Designed for both letter and legal sized papers

PRODUCT NO.	W×D×H
WM9S-01	12 1/16"×3¾"×10½"

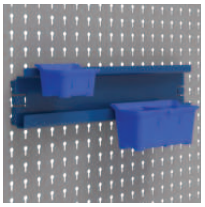

CAN HOLDER WM9D

- Hooks onto utility panels WM57, WM5B, SH67, SH68, SH69, SH77, SH79, SR79, RC02, RC93, RC94 and EP12
- Ideal for storing various items of different sizes, such as aerosol cans
- Hook-on installation
- Includes side notches for extra stability
- Widths available: 6" (7 holes), 9" (10 holes), 12" (13 holes), 14" (15 holes), 15" (16 holes) and 20" (21 holes)
- To order: specify the width required

PRODUCT NO.	D×H
WM9D-__	3"×4"

PLASTIC BIN RAIL WM9C

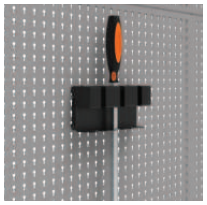

- Hooks onto utility panels WM57, WM5B, SH67, SH68, SH69, SH77, SH79, SR79, RC02, RC93, RC94 and EP12
- Plastic bins hook onto the rail for efficient storage of small parts
- Hook-on installation
- Includes side notches for extra stability
- Compatible with all brands of plastic bins with hanging lip on the market
- Compatible with RG20 plastic bins, see page 121
- Bins sold separately
- Widths available: 6" (7 holes), 9" (10 holes), 12" (13 holes), 15" (16 holes), 20" (21 holes), 23" (24 holes) and 26" (27 holes)
- To order: specify the width required

PRODUCT NO.	HEIGHT
WM9C-__	3"

5S STORAGE

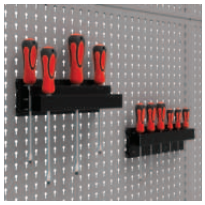

LONG TOOL HOLDER — WM9Q

- Hooks onto utility panels WM57, WM5B, SH67, SH68, SH69, SH77, SH79, SR79, RC02, RC93, RC94 and EP12
- Holds up to three long tools
- Easy to install
- Color: black

PRODUCT NO.	W×D×H
WM9Q-08	8"×3"×4"

SCREWDRIVER HOLDER — WM9N

- Hooks onto utility panels WM57, WM5B, SH67, SH68, SH69, SH77, SH79, SR79, RC02, RC93, RC94 and EP12
- Holds 6-12 screwdrivers
- Color: black

CABINETS FOR SPECIALIZED TOOLS

UNEQUALED FLEXIBILITY

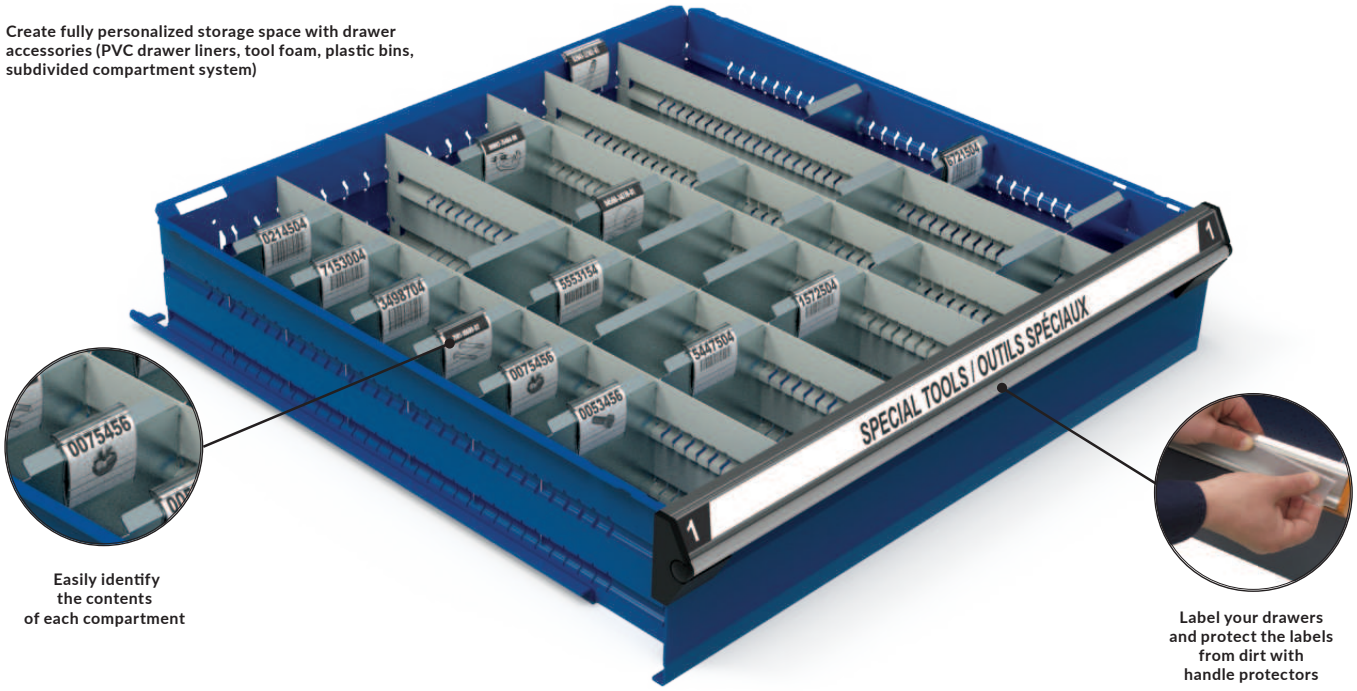

We understand how valuable specialized tools are and that they must be carefully protected and completely secure. Our drawer accessories have been designed to protect your precious tools, regardless of their shape or size, and to make it easy to locate them.

We provide a turnkey service to help you create a cabinet that meets your exact and personal requirements.

YOUR OWN COMPLETELY ACCESSORIZED AND READY-TO-USE PRODUCT

Create fully personalized storage space with drawer accessories (PVC drawer liners, tool foam, plastic bins, subdivided compartment system)

Easily identify the contents of each compartment

Label your drawers and protect the labels from dirt with handle protectors

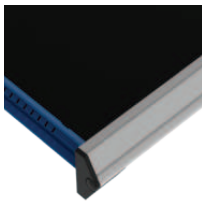

DRAWER ACCESSORIES

Our wide range of drawer accessories are compatible with each other to help you keep your tools organized and easy to find. No matter what shape or size of item you need to store, we have the accessory you need.

The unique design of the R drawer is a trademark of Rousseau Metal Inc. The drawer is also protected by a registered industrial design. To view various preconfigured models, visit the Modular Drawers & Compartments section on our website.

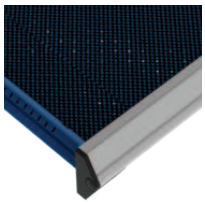

NON-SLIP PVC DRAWER LINER (RG49)

- Non-slip surface protects items stored in drawers
- Thickness: 3⁄32"
- Sold in sizes to fit drawer dimensions or in 27"W × 50'L rolls

NOTES: Not compatible with partitions and dividers.
To order a 27" × 50' roll: RG49-RR27-01.

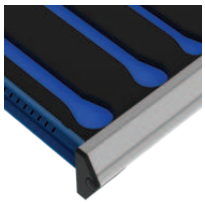

PVC DRAWER LINER (RG40)

- Thickness: 3⁄32"
- Sold in sizes to fit drawer dimensions or in 7'W × 100'L
- Compatible with partitions and dividers

NOTE: To order a 7' × 100' roll: RG40-RR84-01.

TOOL FOAM (RG42)

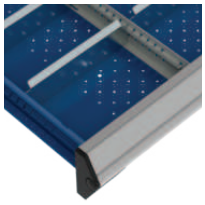

- Helps to easily identify stored items
- Oil resistant and non-absorbent
- The blue foam is ¼" thick and the black self-adhesive foam is ½" thick

NOTE: Sold without cut-outs.

RG__-____-01
- 49: Non-slip PVC drawer liner
- 40: PVC drawer liner
- 42: Tool Foam
- Nominal drawer widths: 18", 24", 30", 36", 42", 48", 54", 60"

RF70-42	42"
RF70-48	48"
RF70-54	54"
RF70-60	60"

"OUR PARTS DEPARTMENT HAD A PROBLEM WITH LACK OF SPACE"

Derek Copeland, BMW Mississauga

CHALLENGE

Find the ideal solution to maximize the space in the parts department at BMW Mississauga, and by doing so, assemble the entire inventory in one place.

OBJECTIVE

Create a storage solution that would allow the client to solve the problem of having little space in the parts department, using Spider® Shelving Systems and Rousseau drawers.

ROUSSEAU SOLUTION

BMW Mississauga is a prestigious car dealership which serves a huge client base in the Greater Toronto Area, in Canada. This very busy garage was looking for a solution for their lack of space in the existing parts department.

When Derek Copeland, Parts Manager at BMW Mississauga, came to the conclusion that the parts department needed to be renovated, he had already made his decision on which option to go with. The owner of this high end dealership owns several other dealerships, among them a Ferrari dealership where he had selected Rousseau Storage Solutions in the past. He was so satisfied with the results that he knew right away he would use Rousseau systems for his BMW parts department to get the customized solution he needed.

"He was always available to talk to us. He asked questions about our needs and he presented us with his proposal. I liked their solution very much." This is what Mr. Copeland had to say about our automotive specialist Mike de Prinse. He loved his experience! After a week of working on the project, our distributor was successful in presenting the client with a customized solution, adapted to their specific needs. Quality, modularity, flexibility and efficiency were all combined to provide a personalized solution. The excellent team work between Mr. Copeland and Mr. de Prinse was the key to the success of this project!

"Our parts department had a problem with lack of space. It is impressive to see how the layout of the shelving, drawers and accessories in the parts department has made storing all of our materials in a limited space possible, while also maximizing the work environment and storage. The productivity in the parts department has significantly increased since installing these solutions!"

FINAL COMMENTS FROM DEREK COPELAND

Here is what Mr. Copeland noticed most about Rousseau Storage Systems: "Durability and quality are what best describe Rousseau. Their modular storage materials allow you to create infinite configurations".

CASE STUDIES

"WHAT GRABBED OUR ATTENTION WAS THE DESIGN AND FLEXIBILITY OF THE PRODUCTS AND HOW HEAVY-DUTY THEY WERE"

Lorenzo D'Alexandro, Queensway Honda

CHALLENGE

The new dealership had to look professional and include technicians workstations, toolboxes, reel cabinets and computer stations

OBJECTIVE

Create a comprehensive solution that combined high-quality products, professional aesthetics and efficient workflow

ROUSSEAU SOLUTION

For over 50 years, Marino's Auto Group's promise to its customers has always been to exceed expectations. This business in the greater Toronto area specializes in five vehicle brands: Honda, Subaru, Volvo, Jaguar and Land Rover. Each customer is given a family-style welcome by passionate employees. Their driving force is to provide the best customer service possible. Although the business was thriving for this respected company, it did not want to sit back and rely on its good reputation. Recognizing that the market was evolving, and customers had new expectations, the owners wanted to relocate three of its dealerships to a new location. As a result, the group moved Lakeshore Honda to a building built for the new Queensway Honda.

Located in Etobicoke in Ontario, the new building needed to cater to current needs as well as growth in the medium and long term. This meant choosing a storage system that was flexible enough to scale over time. The group heard about Rousseau at the annual NADA trade show and at the Automotive Conference Expo (ACE). The managers were immediately impressed by the quality of the products on show: "What grabbed our attention most of all was the design and flexibility of the products and, of course, how heavy-duty they were," said Partner Lorenzo D'Alessandro. "We also liked the fact that the products were made entirely in North America."

The group was in the early stages of their relocation project and meeting with the Rousseau team was a turning point. The Rousseau product specialist at Metric Storage Systems, was soon involved in the project. As Mr. D'Alessandro said, "It has been great to work with Rousseau products expert from Metric Automotive – he listened to our needs and presented us with recommendations based on our requirements as well as innovative storage solutions for our parts department. The initial need was for a high-quality workbench solution with a professional appearance, but as we had a more in-depth look at our requirements, we had to find a solution for multiple technician shifts, as well as a way to integrate everything from toolboxes and air and oil reels to computer stations."

Everything was considered in this project. From technicians workstations to alignment stations and oil changes, every detail was included in the creation of workspaces that met the specific needs of the tasks to be performed. The Honda dealership now

has stylish and distinctive aesthetics and is a pleasant environment for employees to work in. Mr. D'Alessandro maintains that the quality of the installations is also important for hiring and retaining high-performing employees. "Their design aesthetic makes an impactful statement by presenting a professional appearance not only to our customers but equally as important – to our employees." The work environment's design and functionality of the custom workstations will most likely help recruit top talent in the coming years.

The end result is down to teamwork from start to finish. This project proves that establishing a partnership between passionate people with a common goal – to offer customers the best experience – leads to an end result that exceeds expectations. Our Rousseau specialist agrees. He believes that a project of this scale is particularly rewarding: "It's great to work on a project of this size. We installed a total of 24 workstations and a complete parts department. We took the time to listen to our client and advise them. When you look at the result, and when the client is happy, you know you've done a good job."

Although they didn't know at the start of the project that the three dealerships would turn to Rousseau for their parts and service departments, they were left in no doubt after the Queensway Honda project was completed: Rousseau had the solution. Mr. D'Alessandro summed it up, "Rousseau products have greatly contributed to increased productivity and given the business a more professional look." A few months after completing the Honda Queensway installation, Marino's Auto Group once again called on Rousseau for Marino's Fine Cars Subaru and Jaguar Land Rover Metro West.
